TETRAZZINI WILL NOT SQUARE CASE.

JULIO URBURO, WHO IS ACCUSED OF ROBBING TETRAZZINI.

Appears in Court and Will Try to Send Uriburo to the Penitentiary.

SAN FRANCISCO, April 21.—Julio Uriburo, diplomat, linguist and financial agent for Signorina Tetrazzini, was in the Police Court today charged with felony embezzlement.

The complainant is no less a personage than the little warbler herself, who sang her way into the heart of music-loving San Francisco. The case went over till tomorrow.

He is charged with the illegal appropriation of two sums, each of 2000 francs, one of which was embezzled on the 21st of February and the other on the 21st of March last.

THE DRESSMAKER.

These sums Tetrazzini intrusted to Uriburo with the understanding that he was to forward them to that lady's dressmaker, Sorelle Dameno in Milan, in furtherance of an agreement between the singer and Dameno, to remit 2000 francs monthly by way of satisfying a debt which the prima donna had incurred.

The sums in question were not forwarded and the same is true of five thousand more francs which were intended for the same destination, but which Uriburo disposed of ways best known to himself.

HEAVY LOSS.

The defendant has not been charged with the embezzlement of the last mentioned 5000 francs, and the same is true of $8,000 which Tetrazzini avers she confidede to Uriburo while she was in Mexico, to be sent to her bankers in Paris, but this money also failed to reach its destination.

As a result of the confidence she reposed in Uriburo, Tetrazzini today mourns the the loss of 27,000 francs. All that she has to show for it are a few pieces of paper, which Uriburo induced the songstress to believe were receipts from other financial agents who had been employed to send the money beyond the seas.

BOGUS DRAFT.

When arrested, Uriburo had a draft upon A. Gibbs & Sons of London in his favor for $15,000, dated San Francisco and signed by "Prinz Adalbert" of Austria. To this was attached a note, purporting to have been signed by the same scion of royalty.

This draft and note had been flashed before Tetrazzini for the purpose of convincing her that he was a man of ready means.

He had also an unsigned draft in duplicate for 67,000 francs and a deposit tag for $4,497.50 in the Swiss-American Bank, which latter sum had been deposited to the credit of Tetrazzini.

FIRST MEETING.

Uriburo met Tetrazzini ten years ago in Buenos Ayres. He there displayed friendship for her and at divers times since then she has entrusted to him the handling of her money, never suspecting that he was worse than a common thief because he was of polished manner, of exceeding learning, a remarkable linguist, and an attache at the Capitol of Mexico, the Argentine Republic of which place he is a native.

The above drafts are pronounced worthless. The most disgusting feature of this noted case of imposition is that Uriburo, not satisfied with robbing Tetrazzini, has cowardly striven to blacken her name, and has called to his assistance not less base mortals who have circulated the slander in all parts of the metropolis.

SHE IS SHOCKED.

The little prima donna was mortified and shocked when she was asked yesterday in the court when she was swearing to the warrants for the arrest of Uriburo, whether or not the prosecution of that individual had not been inaugurated by Giorgio Bazelli, the tenor of the late Italian Opera Company, with the hope of inducing the prima donna to transfer her affection from Uriburo to him.

Tetrazzini solemnly gave the tale denial, and asseverated that there had never been any affair of the heart between herself and Uriburo or herself and Bazelli.

SHE HISSES.

This morning in the presence of THE TRIBUNE reporter, she hissed her hatred of Uriburo and his conduct in the words:

"Not only thief he, but liar, too."

The words were spoken in Italian, and in the presence of her attorney, who, however, would not allow her to make any further statement for publication, claiming that she had already given to the public all that it was necessary for the public to know.

IN COURT.

The case against Uriburo was called

WEARY OF TRYING FOR PEACE

Delcasse, French Leader Will Retire From the Cabinet.

PARIS, April 21 (1:35 p. m.)—A report is in circulation in the Chamber of Deputies that Foreign Minister Delcasse intends to resign.

The council of ministers assembled at 2 o'clock this afternoon. The rumor is given under all reserve.

It grows out of the feeling aroused over Morocco and Indo-China, the Socialist opposition to the minister being strong upon both questions. Up to noon M. Delcasse's intimate associates were not aware that he had any purpose of resigning.

The council of ministers had a lengthy session under the presidency of President Loubet. M. Delcasse was not present.

The minister of public instruction left the meeting at 3:30 p. m. to take part in the debate in the Chamber of Deputies on the separation of church and state. The other ministers remained.

At the close of the session of the council of Ministers several members of the Cabinet visited M. Delcasse to discuss the situation. Efforts are under way to induce him to give up his intention to retire, which is now admitted despite the denials of his intimate friends that he had manifested. This intention appears to have been entirely due to the parliamentary discussion over Morocco.

ENGLAND WAITS FOR FRANCE

Will Not Show Hand Until Japan is Given An Answer.

LONDON April 21.—All the government offices were closed today and most of the officials were out of town making it almost impossible to secure an official statement regarding Great Britain's contemplated or actual action in connection with the neutrality question in the Indo-Chinese waters. The Associated Press is in a position to say, however, that the question was discussed yesterday between Baron Hayashi, the Japanese minister and Foreign Secretary Lansdowne. The Baron said to the Associated Press this afternoon that he was not prepared to discuss the question whether or not Great Britain would send a note to France on the subject.

"It is a pending matter," he said, "I am not prepared to make a statement which might embarrass both my own government and the government of Great Britain."

It would appear, however, that it is not improbable that Great Britain is awaiting France's reply to the Japanese protest before taking definite action. Sir Francis Bertie, the British ambassador to France, left London today for Paris and it is considered likely that he is the bearer of special instructions from Foreign Secretary Lansdowne directing him to take action under certain eventualities.

FIRED TO KILL HIS KINSMAN

Sensational Divorce Suit Nearly Ends in a Murder.

LOS ANGELES, April 21.—Struggling desperately in the arms of his wife, against whom he is prosecuting a sensational suit for divorce, Col. H. L. Gordon, a local millionaire capitalist, drew a revolver and fired a single shot at W. J. Kennedy, brother of Mrs. Gordon, in a corridor of the Gordon building at Second and Broadway streets early this morning.

The shot went wild and Kennedy escaped unharmed from the building followed by Mrs. Gordon.

Col. Gordon accompanied an officer to the police station, where he was released, no complaint having been filed against him.

Accounts of the affair differ widely. Col. Gordon claims he fired in self-defense against Kennedy, who was trying to draw a revolver. Mrs. Gordon and Kennedy deny this and say that Gordon attempted to shoot Kennedy and was prevented from doing so by Mrs. Gordon.

Col. Gordon some time ago filed sensational divorce proceedings against his wife, who in a cross-bill filed in court made strong counter charges against the Colonel. Colonel Gordon and his wife both are middle aged and came to Los Angeles recently from Minneapolis.

RUSSIAN SQUADRON IS NOT IN BAY.

Rojestvensky Will Remain Outside Three Mile Limit Until He is Reinforced.

ST. PETERSBURG, April 21.—The Associated Press is informed that no representations have been made to Russia through the French Embassy here on the subject of Admiral Rojestvensky's stay at Kamranh Bay.

There is no direct telegraph line to Kamranh Bay, and the fact of a violation of neutrality would have to be established before any definite response could be given to Japan or French representations on the subject made to Russia. Admiral de Jonquierres, the French naval commander at Saigon, has already sailed from there for the purpose of investigating the matter. The following statement was made:

"Rojestvensky is still at Kamranh Bay and contemplates remaining there until Nebogatoff joins his ships. He will remain outside the three-mile limit, as he did during his long stay off Madagascar. Naturally Japan will file a caveat, just as she would do with the United States if Rojestvensky should approach the Philippines. Japan's protest is in the nature of a warning. The facts remain to be established."

MAN AN HIS DEATH BED CONFESSES TO MURDER

TACOMA, April 21.—A man known here as J. C. Johnson, who has just died, summoned his family and several neighbors to his bedside before death and with great effort confessed that his true name was George W. Deal, and that he was a fugitive, having murdered a man in Texas.

Johnson said he lost his first family in the Galveston flood, and that the crime was committed after that.

While going into details the man died.

CARPENTER'S FALL REVEALS MURDER OF A WOMAN

YOUTH GETS LIFE SENTENCE

WAS IMPLICATED IN THE MURDER OF AN AGED MAN.

BAKERSFIELD, April 21.—Phil Walker, 17 years of age, was sentenced to life imprisonment last evening by Judge Bennett for implication in the murder of William Nicoll, an old man who was killed and robbed at Vaughn last year.

Walker, Patton Palmer, Anastasia Sunega and Antonio Sundangarin were arrested last fall on a charge of having committed the murder.

All pleaded not guilty at a preliminary examination.

Walker was arraigned before Judge Bennett yesterday and pleaded guilty.

The man took the stand and after telling of his part in the murder was sentenced to life imprisonment.

WANTS A PAROLE.

SAN JOSE, April 21.—Juan Prado, who was sentenced by the late Judge Belden, of this county, to life imprisonment in June 1887, for the murder of Fernando Ocero, has given notice that he intends to apply for a parole. Ramirez, his partner in the crime was hanged December 2, 1887.

MANY BUILDINGS DESTROYED

FIREMAN LOSES HIS LIFE IN A CONFLAGRATION IN NEW YORK.

NEW YORK, April 21.—One fireman was injured and more than a score of small tenement buildings in the Brownsville section of Brooklyn were destroyed by fire today.

The fire started in a furniture factory owned by Mrs. Bertha Glass and damaged it to the extent of $100,000.

The blaze then spread to the surrounding tenements.

Many of the occupants of the latter were rescued by firemen.

ARRAIGNED FOR LAND FRAUDS

PORTLAND, Ore., April 21.—Renewed interest was created in the land frauds to-day when Senator George C. Brownell and George Sorenson were arraigned in Judge Bellinger's court to plead various indictments found against them by the late Federal Grand Jury.

Each filed pleas in abatement, which it is understood will await the fate of the one filed by Senator Mitchell to be decided by Judge Bellinger next Monday.

Practically all the defendants who have adopted this method of answering the government's charges against them are basing their hopes upon the court's ruling in that case.

WHERE'S RUSSIAN ADMIRAL

OFFICIALS AT ST. PETERSBURG DO NOT BELIEVE HE HAS LEFT FORMOSA.

ST. PETERSBURG, April 21.—5:18 p. m.—The latest word of Admiral Rojoventsky was the dispatch from the agent of the finance ministry at Shanghai, saying the squadron had passed through the Straits of Formosa, but the authority given by the agent for his statement is considered doubtful.

The Admiralty professes a good deal of skepticism in regard to all the dispatches from the Far East representing the location of Rusian vessels, pointing out that false news is likely to be set afloat deliberately.

The officials here neither deny nor affirm the report that Rojestvensky is still at Kamranh bay.

The Foreign Office displays no anxiety as a result of the protests made by Japan over the alleged violation of French neutrality, expresing confidence that when all the facts are known it will be found that the Russians did not violate the neutrality of France. Serious complications are not anticipated.

The reiterations of the story that the Russian protected cruiser Askold, interned at Shanghai, is taking on coal and preparing to slip out is again denied.

Nothing has been heard from the fourth division of the Russian squadron, commanded by Admiral Nebogatoff. Most of the naval men express the opinion that Rojestvensky will not await a juncture with Nebogatoff, but will allow this weaker division to trail behind him.

WILL INVESTIGATE THE BIG STRIKE

CHICAGO, April 21.—State's Attorney Healey went before the grand jury today and repeated a statement concerning the strike of garment workers of Montgomery, Ward & Co., made to Mr. Healey yesterday by the Chicago Employers' Association. The jurors informed Mr. Healey that they had decided not to add further publicity to their proposed investigation of the strike. From other sources, however, it was ascertained that the grand jury proposed to make exhaustive inquiry into the causes of the garment workers disagreement with the Ward and Company.

TAFT GETS A COPY OF PROTEST

WASHINGTON, April 21.—Mr. Hioki, the Japanese Charge d'Affairs here, has presented to Secretary Taft a copy of the note presented by the Japanese minister in Paris yesterday to the French foreign office in relation to the observance of neutrality toward Rojestvensky's fleet.

Secretary Taft, after reading the note carefully, forwarded it by mail to Secretary Loeb for transmission to the President. This is done merely for information, for the note itself requires no action at this stage on the part of the Government. It is deemed best not to make public its text here.

A telegram was received by Secretary Taft today from Secretary Loeb announcing his return from the President's hunting camp at Glenwood Springs and stating that he had mailed to Secretary Taft several communications relating to matters of departmental buisness which required the President's action. There was no intimation that these related to foreign affairs.

At 11:15 Dr. Ford announced that Senator Platt's condition had grown rapidly worse in the last two hours.

WOMAN WANTS DIVORCE BECAUSE

Husband's Cruelty Made Her Cry So Much That She Lost Eyesight.

A sensational divorce was filed today when Clara A. Gould, wife of Henry Gould, of the H. Gould Company, owners of the Encinal Mills, filed a complaint in a divorce action through her attorney, Frederick Whitney, charging her husband with cruelty and neglect.

She says that he has made her cry so much that she has lost the sight of her right eye.

An injunction was issued restraining Gould from disposing of any of his stock in the Gould company, and she asks for a division of the community property and $150 a month alimony.

They were married in 1861, and have seven grown children, whom, it is stated, however, have been of little comfort to their mother in her old age.

She alleges that her husband has neglected her, given her almost nothing to live on, and that she has been in absolute want while he has property worth thousands. Their home is at 1666 Eleventh street, near Campbell, and she states that 298 shares of the capital stock in the Gould company that she knows of is worth $29,800.

She says that she has two grandchildren, Ethel and Leonard, to whom she is very much attached, and of whom she asks to be granted the custody and sufficient money to take care of them. Day before yesterday she had to leave home, as she feared longer to stay in the house.

She says that her husband has abused her and called her vile names and grown so cross with her that she is afraid of him, besides which she has been unable to get sufficient money to live properly.

TESTIFIES TO GIFT OF BRIBE

Joseph Jordan Says He Dropped Roll in Senator's Pocket.

SACRAMENTO, April 21.—Joseph S. Jordan, the former San Francisco newspaper man who swore that he passed bribe money to State Senators Harry Bunkers, E. J. Emmons, Eli Wright and Frank French, was placed upon the witness stand in the Bunkers trial again this morning.

Jordan told over once more about giving a roll of greenbacks to Bunkers at Eighth and K streets.

He said he had dropped the money into Bunkers overcoat pocket.

He detailed at length the various conversations he had had with Clarence Grange, of the Phoenix Building and Loan Association, who desired to gain immunity from an investigation by the Senate Committee on Commissions and retrenchment.

Jordan's cross-examination did **not** bring forth anything new.

He said he had been advised by his attorney to testify before the Senate Committee and that would be a bar to his own prosecution.

In his cross-examination Jordan said Clarence Grange had urged him to approach the Senators and make a money proposition to them. Jordan demurred to doing this kind of work, whereupon Grange said, according to the witness: "Oh, hell, go ahead; it's all right. I have been a lobbyist for sixteen years."

Jordan said his attorney, Hiram W. Johnson and Gen. Tirey L. Ford, had advised him to go upon the witness stand before the Senate Committee and tell the entire truth.

Jordan told of a conference had in the law office of H. W. Johnson in this city, at which were present Bunkers, French, Emmons, Wright, Jordan and Attorney Johnson. Bunkers said there:

"Well, we've got to take care of Joe."

Jordan was asked to detail the entire conversation, but asked to be excused until he could see his attorney, saying the question was a delicate one.

Jordan was then excused temporarily.

LOCATED BY THE TRIBUNE

In THE TRIBUNE of last evening there was printed a story to the effect that inquiry was being made as to the whereabout of a brother of a man named James Willard, but whose true name was Willard Travers, and who died recently at Evestan, Northwest Territory.

A letter from that place stated that the deceased had a brother living in Oakland, who was the heir to a large estate left by the dead man.

This morning a journeyman carpenter named Edwin Travers communicated with THE TRIBUNE and stated that he was the brother of the man who died at Evestan. He gave his address as 1055 East Seventeenth street.

It is his belief, however, that his brother left no fortune, for he has been in communication with him and is certain that he had accumulated no large estate.

Travers states also that he has a brother living at Grant's Pass, Or., the Rev. G. B. Travers.

WHOLE FAMILY IS ARRESTED

The whole Hussey family, consisting of Patrick Hussey Jr., Mary Hussey, Celia Hussey and Patrick Hussey Sr., were arrested last night on the complaint of Mrs. R. Both the Gallaghers and the Husseys have been warring constantly and last night the trouble between the families took such an acute stage that Policeman Scanlan was called on to preserve order. There was no complaint filed this morning the Police Court, with the result that the case went over until tomorrow.

PRAISES FOR THE OLD MEN

Railroad Foreman Does Not Agree With Dr. Osler.

They were discussing Dr. Osler and his "age theories"—a number of prominent railroad men—during the noon hour at the West Oakland railroad yards today.

"I noticed in THE TRIBUNE that some of the men here feared that the management might follow the example of Eastern roads and apply Oslerism," remarked one.

The silence that followed was broken by Robert Yates, foreman of the Southern Pacific machine shops, who did not hesitate to give his views on Osler and the aged.

"In the mechanical work of a railroad," said the popular foreman, "age makes no difference unless it be that a man grows more valuable as he grows older. He certainly improves in skill and experience and there are men sixty years old and more who are doing some of the best work done in the West Oakland shops. We have had many examples of this here.

"I recently read in some standard periodical—I think it was the Scientific American—that one of the largest tools handled in railroad shops was in those of the Baltimore and Ohio and was manipulated by a man more than 74 years old. One day this aged operator cut off his finger and was forced to lay off. The foreman tried every other man in the shops on the big tool, but it was not until the old man returned to work that it was again successfully operated.

"Young men and new blood may be desirable in clerical work, but when it comes to handling machinery experience counts. Again, the elder men are more painstaking in their work. They work carefully, all the time having the interests of the company at heart, whereas the younger generation, with exceptions, of course, seem to care for nothing but quitting time. Many of these young fellows do sufficient work and good enough work to hold their jobs, and nothing more, while the older men give the best there is in them.

WANT RECEIVER FOR EQUITABLE

POLICY HOLDERS WANT THE COURT TO TAKE HOLD OF COMPANY.

CHICAGO, April 21.—A bill for the appointment of a receiver for the Equitable Assurance Society of the United States and seeking an accounting was filed in the United States Circuit Court today by Attorney D. J. Schuyler. The petition is filed in the name of Abraham Sitron and others, policy holders of the society. Sitron says he holds a $2,000 policy in the society and that his interests are being dissipated by the officers and directors of the society. He names specifically President J. W. Alexander and Vice-President James H. Hyde.

Joseph Bowes of Baltimore was spokesman of the committee. To Mr. Hendricks, the State Superintendent of Insurance, Mr. Bowes reviewed the action of the agents' convention in favor of mutualization and then made an address. He declared the agents were in a position to know what policy holders wanted. The prevailing conditions had alarmed the policy holders. The original plan of the founder, he said, contemplated mutualization. For the first time the question of ownership of the vast surplus had arisen. The time had come for the change, and when the society could no longer be regarded as the patrimony of one man. He was informed on reliable authority, he said, that thirty-eight or forty directors do not own the requisite amount of stock required by the charter. There is no animosity among the agents against Mr. Hyde, he said, but a change must be made to deprive him of the immense power he wields. The compromise effected was a miserable one, which is disappointing, the realization of which will be delayed by litigation. The policy holders in the meantime suffer.

Mr. Hyde's elevation, he asserted, was due to sentiment because of his descent from the founder. For five years he had been watched, helped and forgiven until sentiment was exhausted.

E. A. Woods of Pittsburg, president of the agents, next addressed Mr. Hendricks. He believed that adverse legislation in other States could be prevented by prompt action in New York.

Archibald Haynes of Portland, Me., followed with similar remarks.

Superintendent Hendricks in reply said that he had expressed himself clearly in favor of mutualization and that he was sure relief could be obtained by legislation.

"I will tell you that before I get through with this company I will find out who the dummies are. I will find out absolutely. You can rely on this. When we get done we will tell you the true condition of the society. I cannot tell how long it will be, whether days, weeks or months, but it will be thoroughly done. In the meantime the Frick committee has asked questions which will take thirty or forty days to answer."

In the bill President James W. Alexander and Vice President James H. Hyde are charged with misappropriation of funds and mismanagement. The bill also declares that for ten years the charter of the company and the laws of New York have been violated, inasmuch as the officials have failed to distribute the profits of the company among the policy holders.

The complaining policy holders are seven in number, each holding policies of from $1000 to $3150.

Attorney Schuyler, who filed the bill, said that the complainants had a meeting and decided to take the matter into the Federal Court. It is their wish, he said, to have a receiver appointed and the affairs of the society ended, so that the policy holders may have a just distribution of the funds and the profits now on hand. No further steps than the request in the bill have been taken for the appointment of a receiver, but Attorney Schuyler said that in a few days he would go into court in this connection. The bill alleges that the president, vice president and directors of the corporation have entered into a controversy in regard to the management of the business transactions of the company and also in relation to the disposition and custody of the assets. This controversy, it is declared, is proving detrimental and destructive to the business of the corporation and the interest of the policy holders. The controversy, it is alleged, is between James W Alexander and James H. Hyde and other officers of the society. The petitioners allege fear on their part that the controversy may result in the dissolution of the corporation.

The bill further recites

"James W. Alexander and James H. Hyde and certain directors and executive heads of the corporation have not only, in violation of the corporation's charter, but the laws of the State of New York, fraudulently used and converted money and assets of the company to their own use and have fraudulently used, manipulated and dissipated and otherwise disposed of the money and assets in such a way and manner that the corporation has lost the money and assets so manipulated by Alexander, Hyde and other directors, and that Alexander, Hyde and the directors have made large profits as a result of these manipulations. The profits, while belonging to the corporation, have been unlawfully and fraudulently retained and appropriated by Hyde and Alexander to their own use without any accounting for the assets so used or for the gains and profits so, as aforesaid, unlawfully and fraudulently made by them in the manipulation of the assets."

Another allegation of the bill sets forth that "one more of the officers and directors under the unlawful and fraudulent guise of pretenses of promoting the business of the corporation by advertising have charged to the company large amounts expended in them for their own personal use and pleasure and for which the corporation never received any benefits," and "that the officials have paid back to the company out of the money taken from the assets and use for their own benefit and pleasure, certain large sums of money and that these sums are but an insignificant part of the amount drawn out of the assets of the corporation and appropriated by the officials for their own pleasure and individual profit and not for the benefit of the corporation or its policy holders."

The bill asks that an accounting be given of the surplus and assets in order that the amount of surplus for distribution may be ascertained. A reservation is made in the petition whereby all death claims may be paid should the affairs of the company be involved in litigation as a result of the bill. The bill also asks that the affair be referred to a master in chancery so that the amount due to each policy holder out of the surplus may be determined for the purpose of distribution. The petition further asks for injunction restraining selling, dealing, manipulating or in any way disposing of the surplus and assets of the company except to pay death claims, and that a receiver be appointed to take charge of the money, property and assets of the company.

GEE NOM WAS ONLY HEATHEN

He Was True to His Friend Even Beyond the Grave.

STOCKTON, April 21.—The Stockton Record has this to say of the late Tom Garrity:

A half dozen years ago there was not an attorney in Oakland better known than the genial Colonel Tom Garrity. He was looked upon as one of the coming men of the community. In his profession, in politics and wherever men met, he more than held his own. With his dash there was a touch of brilliancy; his strong and aggressive personality was tempered by a sympathetic heart. He made many friends, and, as ever, they were ready to share his society, his conviviality and bounty. As a friend, he was true, and many had reason to know of his goodness of heart.

Before he had hardly reached his prime, death took Garrity from the sunlight of prosperity and the limelight of popularity. Many and sincere were the kind things said at his bier. The passing throb of sorrow and regret was not feigned by the large number who shared it. The mortal remains of Garrity were laid away in the St. Mary's Cemetery with the solemn pomp and honor accorded a faithful son of the church. The mound over his last small house was smoothed down and covered with sweet flowers. The last lingering glances were withdrawn. Those who had stood at the consecrated spot departed. The sun shone and the flowers withered. The rains came and the dead petals became a part of the sinking mound. The winter storms came and the winds sang a requiem over the lonely grave. Spring came and the weeds and wild vegetation spread an unsightly carpet over the place where the mortality of Tom Garrity mingled with the elements of earth.

The grave seemed to have passed from the mind and memory of all but one of those who had been glad to be numbered among the friends of Garrity in a life time. And this one person was only a heathen—a Chinaman. Occasionally he came to the grave and lingered by it, as if hoping to commune with the spirit of the man whom he had known and liked so well in life. The weeds that were removed and the occasional blossoms left on the otherwise neglected spot were placed there by Gee Nom, known as the "lottery king" of Oakland. The dead Garrity must have been an honest and faithful counsel when he defended the Chinaman when under prosecution for operating a lottery. A Chinaman is a good judge of human nature. He has his loves and attachments as well as his hates—even though the Christian may not grant him these human-like emotions.

This heathen and gambler saw the years pass and the weeds grow as monuments to the neglect of the dead's fickle friends. Springs followed winters, autumns cooled, the ebbing summers, and the gloom and storm of winter ran their season while nature slept. But the heathen's memory did not grow dim, nor did his attachment for the spot where slept his former friend grow less warm. But to all the Christian world the heathen, Gee Nom, continued to be a heathen. He was still a Chinaman—a thing belonging to an inferior and hated race. To the erstwhile friends of Garrity this Gee Nom was simply a "Chink." And, as the story goes, the heathen decided that a monument should mark the spot where Garrity had been laid away. The weeds were rooted out, and at the hands of workmen paid by the heathen there was placed at the head of the grave a white monument whereon was carved the name of the Garrity that had seemingly been forgotten by his "white" friends. The stone records the date of the birth of the deceased and the time when he passed from earth. Measured by the costly shafts whose shadows fall on it, it is not an imposing monument; but it stands out in the sunlight and storm strong and magnificent in its testimony to the warm heart of a man who belongs to a despised and heathen race. The stone is at once a reminder of the virtues of the dead man that won a Chinaman's high regard, and of the fine sensibilities that have a place in that Chinaman's heart. Gee Nom is a man—as sound, perhaps, as many of another race who shared Garrity's friendship on a more equal social footing. The heathen's money erected the marble record that marks the Christian grave.

TETRAZZINI WLL NOT SQUARE CASE

(Continued From Page 1.)

ed in Judge Conlan's court shortly after 10 o'clock this morning.

The defendant was present, attended by his attorney, Jacob Meyer.

Tetrazzini was not in the courtroom.

Judge Conlan ordered the Italian interpreter, R. M. Aguirre, to read the complaint to Uriburo, which was done, the defendant standing the while with his face averted from the crowded lobby.

Uriburo is a small man, of slight frame, thin face, sunken cheeks, sallow, complexion. He appeared more like the hollow shell of a cigarette fiend, than the courtly attache of a foreign embassy. Contrasting strongly the almost ashen complexion was a small jet black mustache, and closely brushed hair as black as a raven's wing.

The most pronounced feature of the face was the eyes. They are of dark blue and at times they seemed to be black as ebon.

CHARGE READ.

The complaint in the second charge of embezzlement was ordered read and Judge Conlan told the interpreter to ask the defendant as to what was his true name, whereupon Uriburo answered that his full name was "Dr. jur Julio Ziegner Uriburo."

The District Attorney said he was ready to proceed with the examination.

Attorney Meyer, for the defense, said that he wanted time to consult with his client.

The District Attorney said then that he desired to put the complaining witness on the stand tomorrow, because she was going to leave tomorrow afternoon for Mexico.

Judge Conlan said that he would hear the complaining witness tomorrow morning at 10 o'clock.

Meyer asked for a reduction of the bail from $5,000, but Judge Conlan refused to grant the request, on the ground he said of the multiplicity of the complaints.

Uriburo was then taken back to prison.

His attorney said he would cable Uriburo's parents in Argentina and secure bail for the defendant some time this afternoon.

TENOR ON HAND.

Tetrazzini did not reach the court room until after Uriburo had been taken back to jail. She came in company of Georgio Bazelli, the tenor of the Italian Opera Company, who shared her vocal triumphs across the bay.

Tetrazzini appeared, modestly gowned, her simple pretty features not advertising her as a celebrity of the operatic stage.

To a TRIBUNE man Tetrazzini said:

"Not only thief, but liar too," hissed the little woman of the man who had deceived her.

Further conversation with Tetrazzini was not permitted.

Bazelli was hurried away with Tetrazzini, by Heyneman, when the announcement was made that the case had gone over till tomorrow, but the tenor said through an interpreter to THE TRIBUNE reporter:

"I have no ill-will against Uriburo. I had nothing to do with his arrest. That is a bad story. I am nothing to madame. I leave tomorrow with her for Mexico."

The dtectives who arrested Uriburo say that the accused has virtually confessed to them his guilt. Speaking on the subject today to a TRIBUNE reporter, Detective Wrenn said:

PRISONER'S STORY.

"Uriburo admits what he has done with Tetrazzini's money. He told me that he gave some of it to a man named Juarez in Mexico and that Juarez was to send it to Europe, but Juraze has gone somewhere, where he does not know, and he did not send the money to the people it was intended for. He never got a receipt for it from Juarez.

"The money which Tetrazzini gave him here to send to Milan, Uriburo says he gave it to a friend to deposit in the Swiss-American Bank of this city, but that friend he says has run away without leaving anything to show what had become of the money.

"He had a check made out in his own name for 4000 francs but it is worthless.

"He said to me: 'I make these checks myself to make people believe I have money.'

"Where did he spend his money? Oh in high living. Nothing, automobiles and the like were too good for him—with other people's money.

"He had a suite of rooms at 232 Taylor street, which were lavishly furnished, but he left there three weeks ago. His rooms occuped the whole floor.

"He had shoes enough to start a shoe store.

"All the jewelry he had he has pawned in various places and he has tried in various ways to get money from people whom he has met."

Among the articles found in his room was a photograph of himself from which the accompanying portrait is made. This was intended for Tetrazzini, but it never reached her. It was inscribed in one place with the words:

"A Luisa Tetrazzini. Abril, 1905."

In another place, in Italian with his autograph, were the following words:

"A quien tanto quiesoy nuina alvido.

"Julio."

This liberally rendered into English, means

"To one whom I never can forget."

His perfidy was discovered before the picture could be sent to the prima donna, and all relations with him were dissolved.

There is little doubt that the fair Tetrazzini is now at least, one whom he never will forget.

YOUTH COMMITS SUICIDE

Despondent Farm Hand, Aged 20 Years, Shoots Himself.

PLEASANTON, April 21.—Harry Bogge, a farmhand employed on the Waubah ranch, twenty miles east of here, shot and killed himself yesterday while in a fit of despondency. He was but 20 years of age.

The cause of the deed as far as can be learned was sickness. The youth had been ill for several months and he grew very despondent over the fact that he did not appear to get well. Yesterday he secured a revolver and placing the muzzle almost in front of his heart, pulled the trigger.

Death was nearly instantaneous.

The Coroner's office was not notified of the suicide until today.

An inquest will be held at this place.

MAKE A TRIP IN COUNTRY

Real Estate Agents Will Have a Pleasant Time.

Real estate men of the bay cities, including representatives from Oakland, Alameda, Berkeley and San Francisco, will be the guests of F. W. Crandall, manager of the Sorosis Fruit Company at Saratoga tomorrow. Mr. Crandall has arranged a jolly picnic to be held at the company's orchard in the Santa Clara valley and many of those interested in real estate and the development of the State have signified their intention of attending.

The trip will be made to San Jose by way of the Southern Pacific. The excursionists will leave here at 8:20 o'clock tomorrow morning and expect to arrive at San Carlos street, San Jose, at 10:30 o'clock.

At San Carlos street the cars of the interburban line will be waiting to convey the excursionists to the Sorosis orchard. They will go first to the Sorosis Social Hall, where an elaborate luncheon will be served. This hall will accommodate many diners, as its dimentions are 40x100 feet. After the luncheon teams will be in waiting to take the visitors over the orchard and the factory, which is one of the largest individual fruit concerns in the United States. There are railroad facilities to ship the fruit direct from the orchard to the markets of New York and Chicago.

The Sorosis orchard, composed of 200 acres all in prunes, is the property of F. M. Smith, but the picnic is being given by Manager Crandall, individually. Mr. Crandall's object in giving the excursion was to meet and become acquainted with the real estate dealers about the bay, with whom he, as an officer of the Realty Syndicate, must deal. As he has only been connected with the Oakland offices of the Syndicate for three months he has not yet had time to form necessary acquaintances.

Mr. Crandall does not expect to furnish luncheon to any except the real estate men and their friends who will be his guests. There are many, however, who will take advantage of the excursion rates and they are expected to take lunches. They will be served with coffee at the hall.

From Saratoga the excursionists will go to Congress Springs and thence to Los Gatos, where they will be met by a party of real estate men and shown about the town. From Los Gatos the excursionists will return to San Jose by way of Campbell, arriving at the Garden City about 4 o'clock. At the latter city they will separate, returning home at their own convenience, as the excursion tickets will be good until next Thursday.

About fifty real estate dealers will join the excursion at San Jose and make the trip to the orchard.

Among those who have already secured transportation at the Southern Pacific office are: Dr. Patterson and wife, H. E. West, Miss C. Selby, Miss E. Selby, A. F. Connett and party, T. O. Haskell and wife, M. F. McArthur and wife, F. W. Crandall, A. F. Cornwall, Hugh M. Cameron, J. Tyrrell, J. Wilbur, L. W. Palmer, C. Miller, M. E. Daring, Mrs. A. Waggoner, Mrs. Coke, J. Vaughn, F. E. FRIGHTENS HER AND IS FINED

Salvatore Asciash, a Greek, was this morning fined $30 with the alternative of spending ten days in jail on a charge of disturbing the peace. He was accused of calling at the home of H. A. Hunter, who employed him on some construction work, and to have frightened Mrs. Hunter by making demands that he be reinstated after having been discharged.

The defendant wished to serve the ten days, but as he had up a sufficient amount of bail money, the fine was taken from the money on deposit with the bailiff.

NONE RISE TO DO HIM HONOR

SPRINGFIELD, Illinois, April 21.—A peculiar spectacle was witnessed in the Lower House of the Illinois Legislature today. Reversing all precedents, members of the House unanimously remained seated while the oath of office was administered anew to Representative Frank Comerford, recently expelled because of failure on his part to substantiate charges which he made, alleging corruption on the part of fellow members of the Legislature. Comerford, after his expulsion, was re-elected by his constituents.

Harry King, suspected of the robbery of the strong box of the Hasty Messenger Service ten days ago of $50, has been apprehended in Los Angeles. Chief of Police Hodgkins will send a police officer to bring the alleged criminal back.

King is but 19 years of age and worked for the messenger company. He had been employed about a month when he is alleged to have tapped the till and fled.

No doubt is entertained that the Admiral will carry out the formal instructions sent to him."

Worry Goes To The Stomach

Tears down the little Telegraph Lines that Operate and control the Digestive Processes.

HOW TO REPAIR THESE TELEGRAPH LINES.

I will gladly give any Stomach Sufferer a Full Dollar's Worth of my Remedy Free to Try.

I ask no deposit—no reference—no security. There is nothing to risk—nothing to pay, either now or later. Any stomach sufferer who does not know my remedy may have a full dollar's worth free, if he merely writes and asks.

I willingly make this liberal offer because Dr. Shoop's Restorative is not an ordinary stomach remedy. It does not, indeed, treat the stomach itself. It goes beyond—it treats the nerves that control and operate the stomach. The nerves that wear out and break down, and CAUSE stomach trouble. For stomach trouble is really only a symptom that there is serious nerve trouble inside. That is why ordinary remedies fail. That is why my remedy succeeds. That is why I can afford to make this offer.

Yet do not misunderstand me when I say "nerves." I do not mean the nerves you ordinarily think about. I mean the automatic stomach nerves over which your mind has no control. I have not the space here to explain to you how the nerves control the stomach, or how they may be vitalized and restored. When you write I will send you a book which will make these points clear. But this much is certain—ailing nerves cause all forms of stomach trouble—indigestion, belching, heartburn, insomnia, nervousness, dyspepsia. No stomach medicine will cure these ailments. Only nerve treatment will do that. No other remedy than Dr. Shoop's Restorative even claims to reach the nerves.

What ails the stomach nerves? Worry, probably. Mental anguish destroys their tiny fibres and tears down the telegraph lines without which the stomach has no more self control than a sponge. Overwork will do it. Irregular habits will do it. Overeating will do it. Dissipation will do it. But the effect is the same—stomach failure.

No matter how these nerves became impaired—I know a way to rebuild their strength—to restore their vigor. It is a remedy which took thirty years of my life to perfect—a remedy which is now known in more than fifty thousand communities—in more than a million homes—as Dr. Shoop's Restorative.

If you have stomach trouble and have never tried my remedy, merely write and ask. I will send you an order on your druggist which he will accept as gladly as he would accept a dollar. He will hand you from his shelves a standard sized bottle of my prescription and he will send the bill to me. This offer is made only to strangers to my remedy. Those who have once used the Restorative do not need this evidence. There are no conditions—no requirements. It is open and frank and fair. It is the supreme test of my limitless belief. All that I ask you to do is to write—write today.

For a free order for a full dollar bottle you must address Dr. Shoop, Box L-250, Racine, Wis. State which book you want.

Book 1 on Dyspepsia
Book 2 on the Heart
Book 3 on the Kidneys
Book 4 for Women.
Book 5 for Men.
Book 6 on Rheumatism.

Mild cases are often cured by a single bottle. For sale at forty thousand drug stores.

MILLIONAIRE IS TO TAKE A BRIDE

TACOMA, Wash., April 21.—The engagement is announced of Henry W. Strong, the millionaire president of the Eastman Kodak Company of Rochester, N. Y., and Mrs. Hattie M. Lockwood of Tacoma, the divorced wife of Lester B. Lockwood, a Chicago lawyer. Mrs. Lockwood is a niece of Colonel Chauncey Griggs, the wealthiest citizen of Tacoma. She recently accompanied Mr. Strong, Colonel Griggs and several others on a pleasure trip to Southern California and Honolulu. The engagement was announced today on their return. One of Mr. Strong's daughters is the wife of Governor Carter of Hawaii and another is the wife of Henry L. Achilles, a former banker of Tacoma, now engaged in coffee raising in Hawaii.

Fifteen years ago, during the boom, Strong invested $500,000 in Tacoma real estate, and has visited here nearly every year since. He has frequently met Mrs. Lockwood while at Colonel Griggs' home as a guest. Mr. and Mrs. Lockwood formerly lived here. The wedding will occur here at the Griggs home in June, and will be followed by a bridal trip to the East in Mr. Strong's private car.

RAILROAD STRIKE AT AN END

ROME, April 21.—The railroad strike may be considered to have been ended. A committee of Socialist Deputies has obtained from Premier Fortis a promise to study a scheme for arbitration to be adopted in the case of differences between railroad men and the Government. In future the latter will consult the representatives of the railroad organization, with a view of ascertaining their requirements and propositions. It was also agreed that if the strike ceases promptly there will be no dismissals, transfers or other punishment of strikers.

After this understanding with the Government telegrams were sent to the railroad men throughout Italy notifying them to be ready to resume their various employments.

SAYS FAREWELL TO THE STUDENTS

BERKELEY, April 21.—Prof. Chas. M. Bakewell of the department of philosophy of the State University, who has just accepted a call to the Department of Philosophy at Yale, delivered a farewell address to the students and faculty, with whom he has been associated for seven years, at the university meeting held in Harmon Gymnasium this morning. Professor Bakewell paid a graceful tribute to Prof. Howison, his chief in the Department of Philosophy, and spoke with regret of leaving the scenes that had become dear to him.

Seward Simons, a prominant lawyer of San Francisco, also spoke at the meeting this morning. His subject was "Insurance Law."

LENA'S GUNS SILENT.

WASHINGTON, April 21.—Correspondence made public at the State Department today shows that when Count Cassini, the Russian ambassador at Washington, some time ago transmitted the request of Captain Berlinsky of the Lena that he be allowed to celebrate the day of his sovereigns birth.

Secretary Hay was unable to grant permission to fire the salute as the Lena was disarmed. The secretary readily approved the remainder of the program.

JOKE WAS ON HUSBAND

HE IS ELECTED SECRETARY AFTER A LIVELY FAKE CONTEST.

The Elks at times are jokers, and there is nothing that amuses them more than to play a joke on their own members. Charles Hart put up a joke on one of his Elk friends that caused much amusement at the Elks' Club last evening, and his friend, Charles Husband, was made the victim. Husband and Hart are deputies in the County Treasurer's office, and while Hart is given to playing pranks on any fellow that he happens to land on, Husband is the extreme opposite, being conservative and of a very retiring disposition.

For the past two years Husband has been secretary of the House Committee at the Elks' clubrooms, and his monthly reports were much appreciated by the entire lodge. In fact, it would have been impossible for any member to get votes enough to elect him over Husband, owing to the fact that he was so thorough in his work, making every detail plain as to where every cent had gone.

Hart went to his friend, William Matthews, Deputy City Treasurer, and the pair planned that Matthews was to be announced as a candidate for secretary. It took but a day for Husband to hear that he had opposition, and he went to his friend Hart to tell his troubles. Hart told him not to worry; that he would get the votes to elect him and the following day Husband was informed that Julius Seuiberger, Everett Dowdle, Alfred Hodges and Charles Ingler had been seen and that it was all over but the shouting. Hart claimed that he could not get the vote of Dr. Halsey, the other committeeman, as Halsey was for Matthews first, last and all the time.

On Sunday last Deputy County Clerk Charles Pugh told Husband that he regretted very much to hear that there was such strong opposition for his position and that he had been asked to sign a "petition" to have Matthews made secretary. Pugh claimed that he had seen the petition and that it contained some 300 names. Husband informed Hart on Monday morning that Matthews was out circulating a petition asking that he be appointed secretary of the House Committee. "Oh, that will be all right," said Hart; "you just leave that to me. You do my work for this week and I will get up a petition that will put you in with a whoop."

Husband agreed and Hart stayed away from the office all week, while Husband was obliged to work every night until after midnight to keep the work up to date at the Treasurer's office.

When Thursday night arrived the House Committee was called to order ahead of time and Husband was elected secretary, but when he arrived all the members had their watches set an hour ahead and the derelict secretary was reprimanded very severely, and later in the evening Dr. Halsey nominated Billy Matthews for secretary and he was unanimously elected with the exception of the vote of Al Hodges. The latter asked for a reconsideration of the vote. Dr. Halsey said that he would vote to reconsider providing Husband would stand by the "decision" of the committee. "I will," said Husband.

"Then I will tell you, Brother Husband," said Dr. Halsey, "that the decision of this committee earlier in the evening was that you be again made secretary, to which position you have been duly elected, and the election of Matthews was simply a jolly, and we have further decided that it is up to you to square yourself."

Husband promised to take the entire committee to church next Sunday and also promised a walk around Lake Merritt in the near future. The last heard of Husband was a report that he was out in the Piedmont hills with a bull's eye lantern looking for Hart.

The petition presented by Matthews contained the name of every preacher in town and it was heavily indorsed by the church-going people. Hart had the name of Poundmaster Zable and such notables as the late Daniel McGinty, Major Waters and others on his list and the paper consumed would reach a mile.

NEUTRALITY IS QUESTION AT ISSUE

PARIS, April 21—Three notices have been given of questioning the government in the Chamber of Deputies concerning the observance of neutrality. M. de Pressence (Socialist) and M. Vaillant (Blanquiet Socialist) will ask the government what measures be taken to guard the neutrality of French waters in the Far East. M. de Loncle (Republican) representing Cochin, China in the Chamber, will address a question to the Minister of the Colonies, asking what measures he intends to adopt to assure the maintenance of the neutrality of the waters of Indo-China.

The minister of the colonies has accepted a debate on M. de Loncle's question for tomorrow. M. de Pressenz and Vaillan ask that their questions be discussed today. The Temps says that the instructions sent to Governor-General Bead requires him to report the exact location of Admiral Rojestvensky's ships, whether they are or are not within the three-mile limit.

M. Beau's reply has not yet been received. The afternoon papers print a report that it is the intention of the government to send an armored cruiser to the Far East to assist in the surveillance of neutrality. This is apparently an outgrowth of the intention of the marine ministry to send an armored cruiser to replace the armored cruiser Sully recently wrecked in Along Bay, Tonquin.

GO OVER THE ROUTE OF ROAD

SANTA ROSA, April 21.—E. W. Rollins, head of the firm of Rollins & Sons, Boston bankers, together with Rudolph Spreckels and Frank A. Brush of this city, went over the route of the proposed extension of the new electric road to Healdsburg and Dry Creek valley today. Rollins will probably finance the enterprise, and Spreckels and Brush are directors of the road.

Rollins has been here several days looking over the routes of the proposed extensions of the new road, and it is confidently predicted that before long a network of lines will connect different parts of the county and the road extended south from Petaluma to Point Pedro on San Francisco bay, where it will connect with a ferry steamer for San Francisco.

At present the new road connects with San Francisco by steamers plying on Petaluma creek. While this is all right for freight, the service is too slow for passenger traffic.

ICE BREAKS AND LEAVES THE NEVA

ST. PETERSBURG, April 21.—With a great roar and a crash which startled St. Petersburg, the ice broke and rushed out of the Neva today.

SLAPPED BY HER RIVAL

WIFE TELLS OF CRUELTY IN THE SANTA ROSA COURT.

SANTA ROSA, April 21.—Judge Albert G. Burnett granted a divorce to Minnie B. from John M. Tenney this afternoon on her charge of excessive cruelty. The complaint alleged that he brought a young woman, Mrs. Mildred Horne, to his home and lavished attentions upon her in the presence of his wife and little child; called her endearing names and talked in a shameless manner with the woman while his wife was present. Mrs. Tenney also told the court of inhuman conduct on the part of her husband. She declared that on one occasion while her husband was holding her upon the ground Mrs. Horne slapped her mouth so hard as to cut her lip, the husband entering no protest to this treatment. This cruel treatment proceeded until neighbors arrived, when it was explained that Mrs. Tenney was suffering from hysteria.

Mrs. Tenney demanded that her husband's inamorata be sent away from the ranch, but this he refused to consent to, and the affair ended by his giving his wife $40 to leave. He first insisted on a bill of sale to her horse and a power of attorney to sell her interest in their real property, which he made her sign over. Mr. and Mrs. Tenney were married in Juneau, Alaska, about five years ago, and came to Sonoma county some three years ago. He compelled his wife to do all the manual labor on their farm, including the unloading of heavy sacks of wheat and chicken feed from wagons, while he sat idly by. He is a stalwart man of 220 pounds. He declared his wife liked the work, which she denied vehemently.

CHINESE BEING "SWEATED"

SMUGGLED MONGOLIANS CLOSELY QUESTIONED BY THE AUTHORITIES.

SAN JOSE, April 21.—The sweating process through which the nineteen smuggled Chinamen who were captured in a box car early yesterday morning are being subjected is still going on.

One by one they are being put through a rigid examination by Charles Meehan, chief of the immigration bureau; Assistant United States District Attorney McKinley and Inspector Gassoway, of the Chinese bureau, assisted by a number of Chinese interpreters and stenographers.

Although the examination was continued late into last night and resumed early this morning, at noon today several yet remained to be put in the sweat box.

At the conclusion of the examination the band will be conveyed to San Francisco.

It is quite evident from the information wormed out of them that they were being smuggled through to San Francisco from Guaymas.

DIFFICULTY WITH TURKISH SULTAN

WASHINGTON, April 21.—Some of the difficulties encountered by the American Minister at Constantinople in his efforts to gain an audience with the Sultan last year to obtain settlement of American claims are set forth in the following official paraphrase made public at the State Department today by a cablegram received at the time from Minister Leishman:

"Minister Leishman reports in the absence of any further communication from the palace about the audience, he attended Selamarik this morning and the grandmaster of ceremonies informed him that on account of important visits in the harem his Majesty could not receive him today.

In view of the fact that the audience was demanded in the name of the President and that he has been twice put off, it seems to Mr. Leishman to be beneath the dignity of the Government of the United States to have him again go to the palace to seek an audience unless positive assurance be given in advance that he will be received by the Sultan. Requests further instructions."

Exasperated by the dilatoriness of the porte, Secretary Hay informed Mr. Leishman that an American fleet will arrive at Smyrna in a few days and instructs him to use his best endeavors to obtain a satisfactory answer from the Turkish Government before its arrival, and if that government should continue to refuse or to neglect to grant the moderate and reasonable request of this Government to take an indefinite leave and depart from Turkey in one of the United States naval vessels, leaving the legation in charge of the secretary of legation.

COMMISSION IS MADE UP

WILL DISCUSS QUESTIONS RELATIVE TO THE RUSSIAN PEASANTS.

ST. PETERSBURG, April 21.—The personnel of the Goremykin commission appointed to discuss questions relating to peasant tenure of lands was announced today.

It includes: M. Stitchinsky, formerly chief adjutant of the Russian interior department; M. von Plehve, son of the late Interior Minister, and other adherents of the former minister, giving it a decidedly reactionary tone.

The tone of M. Witte, president of the committee of ministers, grows more and more untenable. Interior Minister Bouliganvhas proposed to the council of the empire that the question of higher education confided to the committee of ministers be transferred to a special commission and the Slovo again publishes a report that M. Witte will retire immediately, intimating that his successor will be Count Solsky, president of the economical department of the committee of ministers.

An interesting report is current that M. Shipoff, president of the Moscow Zemstvo, will succeed M. Bouligan. Should this be true it might indicate that the government is disposed to accept the program prepared by the National Progressive party at Moscow, of which Shipoff is the head.

Additional Cossacks are being brought to St. Petersburg in view of the anticipater disorders on May day. Two squadrons of Cossacks of the Don arrived here yesterday.

By order of the Minister of Education all new instructors in the middle schools must take the oath of allegiance to the Emperor.

The students who were tried for engaging in red flag demonstrations in front of the Kasan cathedral, December 12, have been sentenced from three to four months' imprisonment. As the time they have already spent in the fortress is credited to them the majority of the prisoners will be released and the others have only a few days to serve.

Mrs. Louisa W. Daly, a prominent church and society woman of East Oakland, died at her home, 1324 Tenth avenue, this morning after an illness of several weeks. She was the organist of the Brooklyn Presbyterian Church and was well known socially. She had resided in this city for the last thirty years and had a host of friends.

She was the wife of C. H. Daly, who is well known in business and politics.

The deceased came to this State from New Hampshire, where she was born.

The arrangements for the funeral have not yet been announced.

STUDENTS ARE NAMED FOR OFFICE

STANFORD UNIVERSITY, April 21.—Candidates to fill the offices of the Associated Students of Stanford University for the college year beginning next August were nominated at the regular semi-annual meeting of the student body. For a number of the offices no opposition developed, but for the others the election next Wednesday will witness a lively contest. The students nominated for honors were as follows:

President of the Associated Students, E. A. Cunha of Milpitas; vice-president, W. H. B. Fowler of San Francisco; secretary, E. A. Austin of Stockton, R. H. Lachmund of Clinton, Ia.; treasurer, R. W. Barrett of Stanford University; executive committee, class of 1906, B. S. Allen of Woodland, R. A. Naftzger of Los Angeles, R. D. Fleming of Palo Alto, H. E. Savage of Salem, Or.; class of 1907, J. C. Macfarland of Los Angeles, C. F. Laumeister of San Francisco, B. R. Brooke of Portland; class of 1908, K. L. Fenton of Portland, P. M. Davis of Banning, H. L. Horton of Ukiah; athletic committee, W. H. Sprott of Porterville, E. P. Stott of Portland, J. C. Macfarland of Los Angeles, L. G. Burr of Cave, Col. J. O. Miller of Bakersfield, L. G. Russell of San Francisco, M. J. Weller of Fort Bragg, F. R. Lanagan of Denver, D. D. Sales of Denver, R. J. McFadden of Placentia; editor in chief of the Daily Palo Alto, L. R. Weigmann of Alameda; business manager of the Daily Palo Alto, J. A. Quelle; editor in chief of Sequoia, P. C. Edwards of Indianapolis; business manager Sequoia, W. L. Blair of San Jacinto, G. J. Presley of San Francisco, J. N. Stanford of Olympia, Wash.

A proposal to abolish the undergraduate athletic committee and to broaden out the scope and composition of the executive committee of the Associated Students was defeated. The student body assessment was increased from $1 a year to $1 each semester, an amendment made necessary by the increased cost of athletics.

PIONEER DIES AT SALINAS

He crossed the plains from Indiana and settled in Tuolumne county, where he engaged in mining. He then went to Lassen county, finally locating here.

IN FATHER'S CHARGE.

Samuel Happ, one of the youths who confessed to having stolen a pair of shoes from H. Alexander, a Broadway shoe dealer, was this morning turned over to his father. Police Judge Samuels, before whom the matter came, warned the parent that if the boy was in trouble of a serious kind hereafter, that he would be sent to the reform school.

The case of Manuel Madero, another boy implicated in the theft, was continued until tomorrow.

HUNGER RESULTS IN ARREST

WANTED MAN SEARCHES FOR BREAD AND IS TAKEN INTO CUSTODY.

John Taveria, accused of a fiendish felony, was arrested early this morning by Chief of Police Hodgkins and Policeman Moore. The complaint was sworn to yesterday by Antone Varro. In some way Taveira became aware that the officers were in search of him and when they called yesterday at a planing mill at the foot of Clay street, where he works, he gave them the slip. Since then he has been in hiding in West Oakland. Hunger drove him from his hiding place at an early hour this morning and while he was in quest of food the two officers surprised and captured him.

There are several other charges against Taveira. One of these was an assault on an old woman 70 years of age. The old lady died soon after the alleged assault and it is not at all improbable that the charge of murder may be placed against Taveira. The detectives are working on this end of the case at the present time.

THIRTY-TWO PEOPLE CLAIM HIS ESTATE

The claims of thirty-two residents of the country in and about St. Augustine, Fla., to the estate of old John H. Virgil of Niles are being presented to Judge Ogden today.

Without father, mother, kith or kin, according to his statement, upon his death his estate, amounting to some $4,060, was paid into the county treasury, and after remaining there for five years it is now ready to escheat to the State.

During these years D. C. de Golia has been trying to find some trace of Virgil's family and at St. Augustine, Fla., he claims to have found people who are his heirs. He said Virgil was the illegitimate child of Matilda Pearl, a creole, and in the days of the gold excitement left the country where he was known and came to California. A quarter of a century ago he started a boarding house at Niles, where he lodged the employes of the railway and died there leaving the property now in question.

Louis McDole, an old inmate of the County Infirmary, was brought in as a witness, he having known Virgil in his lifetime. McDole said that he thought Virgil was part Cherokee, but that he might have been of French extraction. He said that he once heard Virgil sing a song in a foreign tongue, but as he did not understand the language he did not know what it was.

The thirty-two relatives base their claim into his estate upon the ground of their being the grandchildren of a brother of Matilda eParl, and some of them say that they have received letters from Virgil, but that they have lost them.

LEFT FORTUNE TO GIRL HE LOVED

DIAMOND KING REMEMBERED THE LADY IN HIS WILL.

OMAHA, Neb., April 21.—Although twice rejected by the girl he had loved since she was a little maid, C. H. Heren, the South African diamond king, has left her his entire fortune. The fortunate young woman is Mrs. Joseph W. Munchhoff of Chicago, formerly Miss Mattie Cannon of this city. She heard of her good luck while visiting in Denver through a cable from Pretoria.

Her father is T. V. Cannon of Chicago, president of the P. V. Maple Syrup Company of Quebec. Heren was president of the Maine Wood Maple Syrup Company, a rival concern. Miss Cannon refused his hand on account of difference in their ages, and married Munchhoff, whom she met when he was collecting fares on a merry-go-round at an Omaha resort. After her divorce from Munchhoff, Heren again pressed his suit, and was again refused. It is said to have been Miss Cannon's refusal to marry him that led Heren to go to South Africa. There he amassed a fortune of $50,000,000, part of which has since been squandered.

QUESTION RIGHT TO ARREST

WOMAN TAKEN INTO CUSTODY; INVESTIGATION BEING MADE.

Policeman John Fahy last night arrested a woman named Hattie Oscar at 1708 Pacific street on a charge of drunkenness and vagrancy while she was inside the house, and there is a grave question raised as to the right of the policeman to invade a private dwelling to make such an arrest. This morning Police Judge Samuels allowed the woman to go on her own recognizance. The charge of vagrancy was dropped against her. She pleaded not guilty to the charge of drunkenness and will be tried later.

Chief of Police Hodgkins does not know exactly what he will do in the matter until a thorough investigation is made. Chief Hodgkins states that in some cases the law permits an officer to make an arrest inside of a dwelling where the person is disturbing the peace and is visible from the street.

The written report of the matter on file at police headquarters shows that Fahy followed the woman into the house from the street. No complaint had been made that she was disturbing the peace or that she was intoxicated. The police officer made the arrest on his own initiative.

The Oscar woman was arrested once before on a similar charge, but was released from custody and placed in charge of the probation officer.

WILLFUL GIRLS ARE IN PRISON

Annie Saville, an incorrigible young girl, and Josephine Perry, were arrested for vagrancy last night by Policemen Sherry and McSorley. Both of the girls have been before the Police Judges on grave charges. They were placed under the care of the probation officer, but little in the way of restraint could be imposed on them. Both young women were willful and insisted on having their own way, with the result that they are again in prison.

Easter Petticoats

—either white or silk. A bright showing of the newest styles awaits you in these departments.

Hastening Hints At Eastertide

If you would conform to Fashion's decrees on Easterday there is no time to lose—just one more day after you read this. The festival coming so late has brought us to the verge of summer, making it all the more imperative that you join in the procession with those who will be attired with all seasonable brightness.

Many Bright New Hats

have been turned out by our milliners this week, specially for the Easter display. They're beauties—there's style in every shape. And the trimmings show artistic handiwork. Useless to talk about designs—there are too many. This we would emphasize—that Lace House millinery is the most reasonably-priced of all millinery about the bay. This is not only our judgment, but that of hundreds of ladies who have made most critical comparisons during the past two weeks.

Splendid variety of Dress Hats—each a separate study of an imported model; the value and the quality are there, though prices don't indicate it—$5.00, $6.50, $7.50 and to $22.50.

In Ready-to-wear Hats the opportunities to choose are almost unlimited. There is a good showing of beautiful hats at $2.00 and $2.50. And there are exceptional values in all grades from $1.25 to $7.95.

M'Call's reliable patterns, 10c and 15c

Infants' Pique Reefers $1.50 to $4 00

Easter Neckwear

Each piece a beautiful novelty. The designers evidently had in view the idea of turning out neckwear that would add to the effectiveness of the new shirt waists—and they succeeded admirably.

Much of the washable neckwear has a foundation of white, neatly relieved by little dashes of color and all those delicate ornamentation that add to the effectiveness. Prices 25c, 35c and to 65c.

Fancy Silk Neckwear, in unusual variety—50c, 65c to $2.25.

Novelties in Belt Buckles from 25c

Stylish Gowns

The Cloak and Suit Department is prepared to give all possible satisfaction to its visitors on Saturday. The fitting and alteration rooms have been reinforced with clever people and every effort will be made to redeem every promise.

Other belts at 75c, $1.00, $1.50.

Bright Headwear for Children

Easter Gloves

—quite an important element in the Easter costume. In this department the exact shade will be found, because all the staple and new shades are here.

The Adolfo is a genuine French kid of exceptional merit; newest stitching; can match any gown—$1.50 pr.

A good glove is The Century—our matchless special dollar glove; 2-clasp, fine kid, all shades.

"Buster Brown" Belts from 25c

Easter Ribbons

To attempt to tell you anything about the details of the Ribbon display in a paragraph would be folly. The big department is like a magnificent flower garden—myriads of designs and the most brilliant colorings. The many novelties would suggest that there is also a Burbank working at the looms.

Rich display in all widths from the narrow hair ribbon to the 9-inch ribbon for sash and millinery purposes. A good value at all prices from 5c to $2.00 yd.

Special cow-hide Suit Case—$5.00

We Never Forget

The new Wrist Bags conform to the above ideas; they're the swellest ever displayed at the prices. The latest designs in handles, frames and fittings will be found in the new bags—prices 50c, 65c and to $4.50.

FRANCE TO REMAIN NEUTRAL

Russian Admiral Ordered to Observe the Laws of War.

PARIS, April 21.—As a result of communications between the governments at Paris and St. Petersburg, the Russian government has forwarded urgent orders to Admiral Rojestvensky to rigorously respect the neutrality of French waters. This is a precautionary measure.

In addition, special instructions have been sent to the governor-general of Indo-China, M. Beau, and Foregin Minister Delcasse has instructed the French minister at Tokio to give the Japanese minister for foreign affairs assurance that it is France's purpose to preserve strict neutrality, these being similar to the assurances given to Dr. Montono, the Japanese minister at Paris.

According to the official view the foregoing steps should exercise a distinctly calming influence upon Japan as they show France directly and through Russia has adopted all available means to insure respect of neutrality in French waters. The officials say that the only additional measure open is the use of French warships to employ force in expelling Rojestvensky's squadron. Such a course, however, is said to be impossible owing to the small number of French ships in Indo-Chinese waters. Moreover, as an official remarked, France is not in the habit of resorting to such extreme measures as using force. This is particularly true in the case of Russia, owing to the complications which might arise from France adopting forcible steps against Russia.

Therefore the instructions already given from Paris and St. Petersburg are relied upon to prevent Admiral Rojestvensky from encroaching upon French territorial waters. Dr. Montono said his request was that France observe neutrality by adopting all the necessary measures for preventing Admiral Rojestvensky's squadron from remaining any longer in French territorial waters at Kamranh bay. The minister added that the Russian ships are quite inside French waters and not outside of them.

Japan's representations have had the effect of bringing the Franco-Japanese incident to the front rank of public attention.

The leading newspapers here adopt the governmental view that Foreign Minister Delcasse's assurance calm the situation. The Deputy de Lanessan (Radical Republican, the former minister of marine and at one time governor of Indo-China, says in the Siecle:

"We cannot ignore the fact that the Japanese people are greatly excited by the war and that public opinion may drive the Tokio cabinet to take extreme action. We therefore insist that the Rouvier ministry rapidly adopt steps in conformity with the interests of France and the maintenance of peace. All France agrees that the government has the duty of protecting French neutrality and thus preserving the world's peace."

The Humanle, Socialist, says:

"If the impending naval battle occurs in Indo-China waters and the Russian squadron seeks refuge in our ports, then France may be suddenly dragged into a conflict in spite of herself that would mean war and the government which through feebleness or blindness permitted such a catastrophe to occur would bear one of the most terrible responsibilities history has known."

INJURED MEN FROZEN TO DEATH

CHEYENNE, Wyo., April 21.—Telegraph linemen returning from expeditions to repair lines leading out of this city, report that the damage done by the storm of Wednesday night was enormous. For miles the telegraph wires are snapped off between every pole and the time required to make repairs cannot be foretold, as the weather is still threatening.

West, south and east of the city hundreds of poles have been broken off short while others became so top-heavy with snow and ice that they were uprooted.

The total snowfall was fifteen inches. The storm was especially severe in Southern Wyoming and Western Nebraska.

Two Japanese section hands, blinded by snow, were struck by an engine as they walked along the track near Bushnell, Neb. The engineer did not see the men and his train proceeded. The bodies were found later and the condition of the surrounding country indicated that neither of the men was killed outright, and that they tried to crawl to Smeed, but were frozen to death.

EDITORS WANT THE LAW UPHELD

SAN FRANCISCO, April 21.—The executive committee of the California Press Association, at a meeting at the Occidental Hotel last evening, made arrangements to defend a suit brought by the publisher of a paper at Willits, Mendocino county, to set aside the law enacted by the last legislature relating to legal advertising. The act of the legislature in question provides that legal advertising may be published only in newspapers that have been in existence at least a year. The California Press Association will endeavor to have the law upheld.

A proposition to hold a press excursion to the Portland Exposition in August or September was discussed at some length, but final action was deferred pending a further investigation into the matter.

FLOATING TARGET.

NEW YORK, April 21.—A floating target, the first of its kind, will be launched today at the Brooklyn Navy Yard. It is designed for use not only in testing the accuracy of the gunners of the forts along the lower bay, but in determining the probable deficiency of the heavy ordnance of the land batteries against battleships.

The target is in the shape of a box thirty-two feet long and twelve feet on each side. It will be ballasted so as to stand upright in the water, leaving exposed twelve feet of its length, the freeboard of an ordinary battleship. The draught of the target, twenty feet, is about that of a battleship, so it can be towed to any point where such a vessel might go.

Steel plates an inch thick are the material of the target's construction. They are water-tight compartments, so the effect of perforations of shot and shell below the water line may be noted. With its ballast the target weighs 100 tons.

Naval constructors and ordnance experts have calculated the power of resistance of the target above and below water to shots striking it and expect valuable deductions can be made as a result of its use.

For the testing of guns a target of different material will be superimposed on the floating steel hulk.

Easter Favors

It's customary in this day and generation to give little remembrances at Easter. It's a pretty conceit too, and one worthy of encouragement.

A little typical reminder at the breakfast table on Sunday morning—a rabbit or a chick filled with pretty eggs—an Easter egg with the name of the recipient on it.

They are all here from five cents up.

RUSSIAN MINISTER IS DEAD

DID NOT SURVIVE LONG AFTER HIS FOOT WAS AMPUTATED.

PEKIN, April 21.—M. Paul Lessar, Russian minister to China, whose foot was recently amputated, died last night.

M. Lessar, who was councilor of the Russian Embassy in London, was appointed Russian minister to China July 12, 1901. The deceased minister distinguished himself as the negotiator with the Chinese of the proposed amendments to the Russo-Chinese Manchurian treaty. Early in 1901, he began a series of meetings with Prince Ching and Wang Wen Shao, who urged strong modifications of the old agreement, made with the late Li Hung Chang, in order to maintain the sovereignty of China over Manchuria. Russia, through M. Lessar, agreed to some of the Chinese demands but the war with Japan ended the diplomatic negotiations on the subject.

MANY PASSENGERS FROM EUROPE

NEW YORK, April 21.—When the Hamburg-American line steamer Pennsylvania arrived here today she had on board the largest number of passengers ever brought to this port on a single steamer. The whole number, including cabin and steerage, was 3,086. Of these 2,880 were in the steerage. Only once in the past has this number of steerage passengers been exceeded. That was about two years ago, when the steamer Bulgaria of the same line brought in 2,899 passengers in her third-class quarters.

HAY LEAVES GENOA.

GENOA, April 21.—Secretary Hay left Genoa today for Bad Nauheim, by way of Milan. The secretary is in the best of spirits, declaring that the air of Italy has been most efficacious and that he feels quite recovered.

GERMAN DOCKS BURNED

LLOYD'S STEAMSHIP COMPANY MEETS WITH A HEAVY LOSS.

BREMEN, April 21.—All the docks, warehouses and buildings of the German Lloyds Steamship Company here were destroyed by fire today. The vessels of the company were towed out of danger, and sustained no damage. There was no loss of life.

FEARS DIVORCED WIFE WILL MURDER HIM

Fred H. Morrison Says He Refused to Kiss Former Wife and Threw Her Out.

"I'll not fool with her any more. If she comes up here again, we'll both take a ride. She'll go to the hospital or the Morgue, and I'll go to jail.

"She thinks I haven't got a warrant for her arrest, because she said she had a pull with Abe Leach, and that he wouldn't give me a warrant, but I've rooled her there.

"Now that I have learned from the papers where she is stopping, I'll see Shorey, have the warrant served and the threat to kill Mrs. McCarger and Mrs. McCarger's son, tried."

These were the words of Fred H. Morrison, who lives at 86 Summit street, by way of reply to his divorced wife, Christina Morrison, who resides at 858 Seventh street, who scouted the idea that her former spouse had sworn out a warrant for her arrest on the charge of threatening to take the life of Morrison, Mrs. McCarger and the latter's son.

TROUBLE IN LETTERS.

Mrs. Morrison in addition to her denial that she made such a bloodthirsty threat, alleges that it was improper relations between Mrs. McCarger and Morrison that caused the separation between herself and husband. In support of this statement, Mrs. Morrison produced letters which she alleges son's trust in Mrs. McCarger, and Morrison, from which the following excerpts are made:

"Don't be always trying to do what I don't want you to. Maybe some time it will be all right, and I won't say no to you at all." To which Morrison replied: "Oh, Pet! It is more than heaven to have you say that." The third contains a reference to Morrison's trust in Miss McCarger, and closes as follows: "It is nice to know that you feel that way. I never betrayed a confidence except with Christina. She did not think I would do this way when she has tried so hard to be kind to me."

These missives, Mrs. Morrison says, were necessary because Morrison while able to speak is unable to hear anything.

COLLECTING A BILL.

Mrs. Morrison admits, however, that she called at the McCarger home, 86 Summit street, but that she did so in order to collect a bill. In setting this forth, she said:

"I simply went to his house and asked him to settle a bill of $100 which he alone was responsible for."

Morrison alleges, however, that the house is not his, but belongs to Mrs. McCarger, and that he simply leases a barn from her.

MORRISON'S STORY.

Morrison makes a detailed denial of the several charges of his former wife and at the same time alleges that she is not altogether squeamish in the matter of the fracture of laws affecting the present and the hereafter. Morrison's statement to a TRIBUNE reporter is as follows:

"This woman, my former wife, came here and told not only me, but the lady in the house and on each side of this house, that she was going to kill me, Mrs. McCarger and Mrs. McCarger's son.

SHE WANTED A KISS.

"This was last Saturday. Mrs. McCarger was not here. Mrs. Morrison used some very vulgar language and said she was going to wait here and kill all of us. I was in the house at the time. I was cooking breakfast. She came up behind me and asked me to kiss her. I said, 'Never. They are worth $5 apiece, or two for seven.'

"She says, 'You can't live here in this way.' I said, 'I rent a room and pay for my board here, and I can live where I please.'

THREW HER OUT.

"I threw her out of the back door of the house when she refused to go out and she tried to get in. Then she got a ladder and tried to get in through the window.

"She threatened me because I got a divorce from her last August on the ground of cruelty. I proved all the charges in court. You can prove this by seeing Attorney Rinehart.

"She used to get drunk when I was living on Sixth street at No. 412. Twice I had to call a policeman in to make her keep quiet.

WHO GOT THE DIVORCE?

"She says that she got a divorce from me. That isn't true. It was I who got the divorce. I was married to her six years and a half, and would be yet if she'd kept sober and kept her place. When I'm married to a woman I don't want a woman getting drunk with other men at night.

DIDN'T KNOW HER WHEREABOUTS.

"The reason the warrant hasn't been served is because I did not know where she was living. I now know her address. I have found it in the paper you showed me. I will take that address and have the warrant served at once, and the case tried.

ALLEGED DOCTOR'S BILL.

"She says she asked me to pay a bill of $100. There is a doctor whom she used to run with, who treated me when I was sick. She claimed I owed him $100.

"After that doctor was married she called him names and said she would never have anything to do with him, and we never had him again in our house. I told her Saturday that if she was collecting for any doctor that I owed anything to to have that doctor present his bill. She didn't present any bill. She said 'Why didn't you pay Dr. Brown that bill?'

RELATIONS HONORABLE.

"She says that it was my relations with Mrs. McCarger that caused the split between her. I can show where stay, and I can show where Mrs. McCarger sleeps. There was nothing wrong between Mrs. McCarger and myself. My relations with Mrs. McCarger are a matter of dollars and cents.

"My former wife has, time and again, made indecent proposals to Mrs. McCarger, and Mrs. McCarger said she wasn't that kind of a lady.

LETTERS FORGERIES.

"She has got no letters that passed between Mrs. McCarger and me. I never wrote any such letters as those that have been printed. She or somebody else wrote them.

"No letters ever passed between me and Mrs. McCarger until I corresponded with he about this place from San Mateo. Mrs. McCarger owns this place. It is handy to the quarries where I work.

FORMER THREATS.

"This divorced woman has threatened me before. When I lived on Sixth street, I took a hatchet and a knife away from her."

It was then that Morrison used the words with which the story of this post-divorce episode was opened.

Mrs. Morrison was sought at her rooms, 358 Seventh street, today by TRIBUNE reporters, but no response came to repeated ringing of the doorbell.

WILL COMPROMISE THE CONTEST

The heirs of the late Frank Silva are willing to compromise and have signified a willingness to give their sister Maria Enos an equal part in the estate of their father without going through a fight in the courts. Attorney Clark for the children of Frank Silva stated to-day that they realize that the bequest of a barren mountain top to their sister was of little value and an indication that their father was embittered towards his daughter.

Frank Silva died recently and leaves an estate near Pleasanton worth $60,000. He divided it among his widow and six children. To Maria Enos, however, he gave a quarter section of land that takes in a mountain top with steep sides as her share of the estate. Yesterday she filed a contest protesting the will of her father and alleging that he was not mentally sound when he made the will.

SISTER AGAINST SISTER

Desperate Fight Being Made By Woman to Avoid Asylum.

Sister was arrayed against sister yesterday when the case of Alice B. Courtwright was called in Judge Melvin's department, where she is charged with insanity by her family.

Seated by Attorney H. G. Walker was Miss Courtwright, while by Deputy District Attorney Harris was Mrs. Thomas Glenn, her sister.

While the family of Miss Courtwright, including her father and mother and her brothers, charge she is insane, she is making a desperate effort to escape the asylum, and although she has been adjudged insane by Drs. O. D. Hamlin and Susan J. Fenton after a lengthy examination and committed to the Napa Asylum by Judge Melvin, she has demanded a jury trial and the case came up this morning for hearing, and the following jury was selected to listen to the evidence in the case:

F. B. Granger, A. P. Partridge, Andrew Abrott, D. F. Miller, C. H. Wise, Fred Mohr, A. Bistorius, E. L. Reed, E. H. Bruhns, S. Stivers, J. M. de Freitas and Enoch Hughes.

Owing to the fact that Dr. O. D. Hamlin is at present at Los Angeles and that the District Attorney's office is also trying to get certain depositions from there which will not arrive before Saturday, the case this morning was postponed until that date so far as the jury and witnesses are concerned, while certain law points involved in the matter are to be threshed out before Judge Melvin tomorrow.

A peculiar phase of the case is that both sides claim that the burden of the proof is upon the other. Deputy District Attorney Harris claims that as Miss Courtwright has already been adjudged insane by a duly authorized and legal body she must prove that she is not insane.

Attorney Walker, on the other hand, claims that the case has been begun all over again and that the committment now standing against her does not count in the trial of the present proceedings, and it is upon this point that the lawyers will argue in the morning.

Miss Cortwright in the meantime is being held in the insane ward of the Receiving Hospital, where she will remain until the disposition of the present matter. Her family have charged her with insanity on account of the way in which she talks about them and the charges she makes against them. She accuses her nearest relatives with attempting terrible things and has wandered away from her home and gained a living as a stenographer.

She was brought up once before at Chicago and found to be insane, but was not committed to the asylum, as friends stepped in and promised to take care of her, and she made her escape from them. While the family is willing to do everything for her she has such a way of talking about them and makes such charges that they are sure her mind is affected.

CELIBACY LAW NOT SUSTAINED

WASHINGTON, April 21.—Because the American Government refused to permit its diplomatic and consular agents in Peru to issue certificates of celibacy to American citizens, required by Peruvian law as a condition precedent to marriage with a Peruvian, and because the London government took a similar position, the Lima government has indefinitely suspended the law.

JUROR IS CHARGED.

SAN FRANCISCO, April 20.—The fact was made known today that Charles Alpers, one of the jurors accepted to try Joseph Smith for the murder of Joseph McGowan, is himself awaiting trial in the Superior Court on a charge of perjury. His case is set for arraignment in Judge Cook's department of the Superior Court to-morrow. He was accepted as a juryman by an assistant prosecuting attorney who was unaware of the charges against him.

DENIES CHARGE

Senator Shortridge Says He Did Not Take Marked Money.

SACRAMENTO, April 21.—In all the resplendent glory of a high silk tile and a justly celebrated tan raglan, Senator Charles M. Shortridge burst upon the Capital City last night for the purpose of elucidating the mysteries of the jackpot and the bobtail flush as applied to operation of separating Boodler Harry Bunkers from a bunch of marked money.

Senator Shortridge does not deny the soft impeachment that couples the names of himself and Senator Wolfe with that of Bunkers in connection with certain poker functions that served to beguile the dull hours between sunset and sunrise during the earlier stages of the recent legislative session.

He does asseverate, however, that he never came into possession of any of Bunkers' marked paper money.

"Yes I played poker with Bunkers," the Senator admitted. "I don't deny that I played a good deal. A statesman who doesn't play poker doesn't appreciate the finer prerogatives of his station in life.

"I probably played with Bunkers five or six, and maybe seven or eight times. Sometimes he lost and sometimes he won. My impression is that, on the whole series of games, he quit a little ahead. He may have lost $200 or $300 at a sitting, for the game was pretty stiff. I don't play cheap poker. I go in to win or lose something, and make the play worth while.

"I shouldn't say Bunkers was a good player. He was too tight." Here the Senator explained how, on one occasion, Bunkers won $40 from him on a hand, when, if the boodler had played more brilliantly and less closely he could have won considerable more.

Shortridge then declared that he had received no paper money from Bunkers. Senator Wolfe is not expected to arrive here until tonight or tomorrow.

MEDICAL MEN IN SESSION

RIVERSIDE, April 21.—The State Medical Society devoted its time this morning to the consideration of diseases of the gall bladder. The discussion was opened by H. C. Moffitt of San Francisco, whose topic was "Diagnosis." Ernest B. Hoag of Pasadena followed with a discussion on gall bladder diseases from a pathological standpoint.

A. J. Lartigare of San Francisco spoke of experimental studies on gall bladder infections. An X-ray apparatus was on exhibition during the discussion. Medical treatment of the disease was taken up by C. H. Mays of Sausalito. Surgical treatment was handled by Emmet Rixford of San Francisco. The discussion was closed by A. S. Loblngier of Los Angeles, who dealt with the surgical treatment of conditions of the gall passages other than those due to gall stones. A discussion on this paper was opened by Stanley Stillman of San Francisco and was in progress when the noon recess was taken.

D. A. R. CONGRESS TAKES A VOTE

WASHINGTON, April 21.—When the D. A. R. Congress was called to order the result of the ballot taken yesterday for president-general was announced as follows:

Mrs. Donald McLean, New York 342; Mrs. George M. Sternberg, District of Columbia 201; Mrs. Charles Warren Lippitt, Rhode Island, 164.

The announcement of the vote of Mrs. McLean, which was within 12 votes of an election, was received with a storm of applause.

Of the sixteen candidates for vice-president general more than ten—the number to be elected—received a majority of the votes cast. It was decided by the Congress that the ten receiving the highest number of votes should be declared elected. Among these elected vice presidents general were Mrs. Mary Wood Swift, San Francisco, Cal. 515; and Mrs. Franklin E. Brooks, Colorado Springs, Col., 417.

Other officers elected as follows: Recording secretary general, Miss Mary Desha, Washington, D. C.; corresponding secretary general, Miss Virginia Miller, Washington, D. C.; register general, Mrs. Stewart Jamison, Washington, D. C.

Mrs. Barker, of Rhode Island, withdrew the name of Mrs. Charles Warren Lippitt as a candidate for president general, but she did not indicate a desire that Mrs. Lippitt's vote should be cast for any other candidate.

A new ballot for president general was then ordered.

TELLS OF THE THEFT

Tetrazzini Goes to Police Station to Make a Complaint.

SAN FRANCISCO, Ap. 21.—Sig. Luisa Tetrazzini, operatic star, to-day produced a highly embellished bank draft given to her by Signor Julio Zieguer Uriburo, her admiring secretary, charged with the felony embezzlement of 27,000 francs of the prima donna's wealth. This draft declares, with flaring flourishes, that Uriburo is entitled to 15,000 francs from Gibbs Brothers of London. The name signed to it is that of Prince Adalbert, next in line of succession to the Austrian throne.

But Tetrazzini has been told that the money is a myth, the draft penned by Uriburo for the purpose of bedazzling her and convincing her that he possesses much wealth. So the turbulent Tetrazzini whispered her story to Captain of Detectives Burnett this morning, for be it known that the unusual excitement and knowledge that she has lost so much money has robbed the fair songstress of her silvery voice. She couldn't upbraid her admiring secretary if she would. Her voice is not worth a nickel today.

This is her story:

"Signor Uriburo came here with the company, and he has been acting for me in financial matters for some time. I had contracted debts in Milan and Paris, promising to pay immediately upon receipts of moneys from San Francisco performances and the opera in Mexico. I gave this money—27,000 francs in all—to Uriburo to send to those creditors. Now I receive advices that the money has never reached the persons for whom it was intended, and the receipts I hold are worthless. I simply will have to pay the money again. I have known him for a long time, and always had confidence in his statements to me. But now he cannot explain why the money has never reached the places it was intended to go to, so I shall prosecute him. Ah! my Mexican trip, it is delayed."

DR. OSLER'S THEORY FOR S. P. EMPLOYES.

Aged Men at West Oakland Yards Fear New Rule May Be Adopted—Personals.

There is fear among the employes at the West Oakland railroad yards that the management may adopt the rule said to have been adopted by the Union Pacific Railroad that men more than 50 years of age shall retire as occasion requires and give way to younger employes.

This application of Dr. Osler's theory would be the means of depriving many men at West Oakland of positions, as some of the employes have worked for the Southern Pacific for years and have grown gray in the service.

"I cannot speak officially, of course," said the head of one of the departments today, "but I think there is little cause for fear on the part of our employes. At any rate, no orders to that effect have been received here or even hinted at, so far as I know."

The discussion among the employes was brought about by the receipt of a dispatch from Chicago to the effect that the Union Pacific directors had ordered that young men are to have the first call when the list for promotion is selected and that those who have reached the age of 50 years shall not be advanced.

The promotion of W. T. Parks, superintendent of the Wyoming division, to be general superintendent, is said to be proof of this statement. Parks is a young man, while W. A. Deuel, who was thought to be slated for the position, is more than 50.

Notwithstanding that Deuel claimed to have the endorsement of Harriman, he has retired from the service of the Union Pacific and is now general manager of a new road in Colorado.

REPAIR SHOPS BUSY.

Work in the repair shops continues to increase, notwithstanding that an additional force of men has been engaged recently.

The locomotive that jumped the track at Napa Junction last Wednesday is undergoing repairs and two passenger engines have been taken to the shops for a general overhauling.

At the car shops the "Houston," the private car of General Manager Colvin is being overhauled and furnished with new fittings.

Work on the ferry steamer Solano that plies between Port Costa and Benicia across the Carquinez straits, is progressing rapidly. The big boat is being repaired at the new marine ways.

SHIPMENTS RECEIVED.

Several car loads of crude oil from Oil City, near Bakersfield, have been received and the oil is now being pumped into the two large tanks at the yards.

Howard Stillman, who directs the tests for the company is experimenting with a distillate that heretofore has been thrown away or used in sprinkling streets, with a view to finding another way of disposing of it. The distillate results from extracting gas from crude oil and is very inflamable.

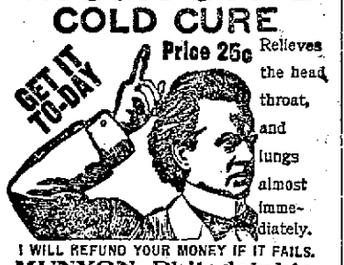

GENERAL NOTES.

K. Baldwin, who has been operating an engine on the Los Angeles division has asked to be transferred to this division. He intends moving with his family to Oakland if his request be granted.

A special train with several railway officials aboard is making a tour of inspection of this division. Among those aboard are H. J. Small, general superintendent of motive power; T. W. Heinzleman and Patrick Sheedy, division superintendent of motive power.

Two repair crews are at work on small portions of track between the broad gauge mole and Pine street. The tracks are simply being overhauled.

PAINTERS' UNION IN SESSION

TWO MEMBERS ARE INITIATED—PICNIC COMMITTEE REPORT.

Local 127 of the Painters' Union received two members by initiation at its regular meeting last night. Three applications for membership were received.

A report was made by James H. Pulsifer, chairman of the committee of arrangements for the picnic next month. The excursion is to be to Schuetzen Park in Marin county, near San Rafael on May 14.

The picnicers are to go on the Tiburon Ferry. Dennis' Band, which has been engaged for the occasion, is to go on the 9:30 trip and play during the journey.

There will be gate prizes and prizes for the winners in the athletic games in the park. A dance is to be given at the large open air pavilion.

There was only a small attendance at the meeting as a large number of the members are ill with colds.

PLAN BALL GAME.

For the benefit of three sick members, Local 70 of the Brotherhood of Teamsters is to play a game of baseball with the nine representing the San Francisco Local No. 85, if the latter accepts a challenge which has been sent it. M. Silver has the management of the Oakland team and has the players meet for practice this afternoon. An exciting game is is anticipated.

Two of the sick members are in the hospital, one with a broken leg and the other with typhoid fever.

TO CELEBRATE.

An entertainment is being planned by the Cement Workers' Union of Oakland. The affair will be given on June 14th in honor of the sixth anniversary on the founding of the local.

The committee in charge is composed of Thomas Doyle, Henry Unner, H. S. Byers, David Broderick, and Chas. Mawer.

ARBITRATION AGREEMENT.

NEW YORK, April 21.—A committee of six, consisting of three employers and three labor representatives appointed at the convention of the joint arbitration board of the Building Trades' Association has met to consider amendments for the arbitration agreement to be in effect during the labor year beginning May 1. All the amendments were favorably received.

It is anticipated that they will be accepted by the convention, and that the new agreement will ensure one of the most prosperous building seasons this city has seen in many years.

The labor delegates will sign on behalf of 100,000 skilled workers, while the employers will sign for 1000 employers in the Building Trades.

Builders, architects and prospective owners of new office buildings, flats and apartment houses, have been waiting for this convention before making contracts for the season. Two years ago many builders were bankrupted by the strikes instituted by the late Sam Parks. This brought about the arbitration agreement which is now expiring.

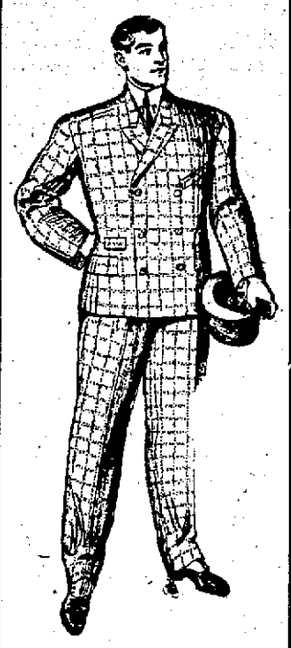

The amendments are being made to satisfy representatives of the skilled trades not content with the old agreement.

Last year's building season was also marred by several strikes in violation of the arbitration agreement, but most of the trades involved have come back to the employers and will sign an arbitration agreement.

WESTERN PACIFIC WILL SOON BE BUILT.

Syndicate of Wall Street Brokers Will Take $50,000,000 of Bonds of the Company.

NEW YORK, April 21—Plans have been completed in Wall street by which funds for the construction of the Western Pacific Railroad are absolutely assured. A syndicate of Wall street brokerage houses has agreed to buy $50,000,000 of bonds of this company, the proceeds of which will complete the line from Salt Lake, Utah, to Oakland, Cal.

Three important banking-houses, it is understood, will participate in the bond issue. They are Blair & Co., Salomen & Co. and W. A. Read & Co. The final conferences have been held in Wall street during the last few days.

As it is generally known, the Western Pacific Railroad will become an integral part of the Gould system, stretching from the Atlantic to the Pacific. When the new line, for the construction of which the $50,000,000 bonds are to be issued, shall have been completed the combined system will be the first railroad in the United States under one control with terminals on the Atlantic and Pacific Oceans. The Canadian Pacific now touches both oceans. The Gould system's Western terminus is at present at Salt Lake, where the Denver and Rio Grande and the Rio Grande Western now end. These properties also terminate at Denver and Pueblo, where the great Missouri Pacific finds its terminal. This latter system carries the Gould properties as far as St. Louis, where the Wabash, also under Gould control, connects and brings business as far East as Pittsburg. The Wabash is now building into Pittsburg through the Wabash-Pittsburg Terminal Railroad, from the presidency of which Joseph Ramsey Jr. recently resigned. The West Virginia Central and the Pittsburg and Western Maryland carry the Gould system to the Atlantic.

Thus, when the Western Pacific shall have been constructed, one terminal of the Gould lines will be located at Oakland, on the Pacific, while Baltimore, on the Atlantic, will be the other.

MONTREAL CONVENT IS REDUCED TO ASHES.

One Nun, Eight Children and Four Old Ladies Are Burned to Death.

MONTREAL, Quebec, April 21.—A disastrous fire broke out at an early hour today and reduced to ashes the convent in the little village of St. Genevieve. One nun, eight children and four old ladies lost their lives.

The dead:

SISTER RAGETERRA, music teacher, 32 years old.
MISS GARAND, 15 years old.
MISS TESSIER, 18, from Isle Bizard.
MARCELINE VILLEMARIE IRENE BERTRANT, aged 11, of St. Genevieve.
LEONA DOUST, aged 15, of Isle Bizard.
ENGLANTINE PROULX, 11 years, Montreal.
MISS DUCAS, aged 14, St. Genevieve.
MISS EMMA TERRAULT, 15 years, Isle Bizard.
One unidentified.
MISS MARGARET PORTVIAN, aged 98 years.
MRS. ROBER, aged 58 years.
MME. NARCIASSE LARONDE, aged 80 years.

Bucket brigades were hurriedly formed by the villagers, but the fire had gained such headway that it was soon apparent that there was no chance to save the building from destruction. Notwithstanding all efforts, unfortunately there was a deplorable loss of life. Sister Regeterra, in her efforts to save the lives of the children in her charge, succumbed to the smoke and flames. The pupils who perished were in a portion of the building where the fire had obtained too much headway before the alarm was given to enable those who responded to effect their rescue. An effort was made to get Point Claire by telephone so that assistance could be had from Montreal, but for some reason yet to be explained no response was received from Point Claire.

The fire started about midnight in the old ladies' hospice and the smoke was so thick that the children on the floor above were unable to get down.

The Convent was caled Ste. Annes and was a branch of the convent of the Sisters of Ste. Annes of Lachine. The building was a greystone structure, handsome in appearance, massive in character and, with the church, it formed a central feature of the pretty little village.

VERDICT OF SUICIDE.

The inquest over the remains of Mrs. Eva Fisher, who committed suicide at the home of her father, John Copp, 1519½ Market street last night by taking bichloride of mercury, was held at the morgue last night. The jury found no difficulty in bringing in a verdict of suicide.

It was brought out in the testimony that the deceased, who was the wife of Fred Fisher, was demented from grief over the loss of her daughter. She made an attempt at suicide on Tuesday night but medical aid was called in time to save her.

The remains will be cremated today at the Oakland crematory.

EARTHQUAKE TRAVELS FAST

BALTIMORE, April 21.—The recent disastrous earthquake in India sent a tremor half way around the world, which reached Baltimore in fifteen minutes. This is the record shown by the weekly examination of the seismograph films at Johns Hopkins University.

Dr. H. F. Reed of the United States Geological Survey, in charge of the seismograph at the University, put in a new film only a few hours before the shock occurred. On the strip of paper, about eleven yards long and two inches wide, is a series of irregular, wave-like lines rising like a miniature mountain range from a long and otherwise perfectly straight line. From this record it appears that the shock first reached Baltimore at about 8:15 p. m., April 3. The most noticeable disturbance took place at 8:52 and lasted about twenty-five minutes.

The whole duration was about three hours. Figuring on the difference in time, the film shows that the first shock was recorded here approximately fifteen minutes after it shook India.

California in Her Variety.

The Woodland Democrat says no part of Alameda county is typical of California. Is any part of Yolo county typical of California? No part of Yolo county is so typical of this State as is the district lying between Haywards and Warm Springs. Climatically that district partakes of some of the elemental characteristics of the coast country, the Coast Range and the interior valleys. There the cherry and the orange, the apple and the fig, the grape and the prune, the pumpkin and the pomegranite reach perfection growing side by side. To even the amateur botanist the flora of this strip, perhaps twenty miles wide and forty long, is typical of a larger region some five hundred miles long and one hundred and fifty wide. We know of no other equal extent of territory so typical of California in its varied aspects.

Yolo county is a region of varied production, and but few climatic differences. It has no savor of the sea, and nothing of the humid atmosphere of the coast. It embraces a vast extent of fertile territory, capable of a diversified and profitable agriculture, but its impingement on the mountains is along the eastern slopes and spurs of the Coast Range, where the climate is more arid and fervid than the strip in Alameda county lying between the bay and the eastern range of the coast mountains. Here the climate of the coast proper and the great interior valleys meet.

After all is said and done, however, there is no particular spot in California that can be called typical of the State at large. California is a land of such vast extent, with such an infinite variety of physical and climatic characteristics that it is impossible to group in one place its chief distinguishing marks. We may find the golden mean between the eternal snows of Shasta and the hot sands of the Mojave desert, the clear depths of Tahoe and the muddy, turbid tide of the Colorado, but no place can be found that typifies the topographical and climatic variations they represent. There is no kinship between the snow-crested mountain tops of Siskiyou, Trinity, Shasta and Modoc and the murmuring sands and drowsy sunshine of San Diego bay. The towering sequoia gigantea cannot live where the greasewood of the plains thrives. The emerald meadows of the high Sierra are not to be found in the tule bottoms of the Sacramento. At Boulder Creek, in the Santa Cruz mountains the average rainfall is above forty inches. Thirty miles away it is not over ten. In Alameda county alone the rainfall varies, according to locality, from thirty inches to six.

Moreover, the climate of this State is as full of caprice as the physical characteristics are startling and infinite in their variety. It is as erratic as a child at play, full of witching wiles, whimsical changes and queer transformations. We are perpetually descanting on its delights and peculiarities, and forever being surprised and disgusted at its unexpected pranks. Each season is a law unto itself, but there is an ineffable charm in the frolicsome moods of the weather. Why, we have more varieties of weather than we have of grapes, and new varieties are being introduced each season. It is idle to speak of any single locality as being typical of the mass of physical and meterological contradictions grouped within the geographical limits of the most gloriously distinctive State in the Union. This is not said in disparagement of Yolo or any other county, but to point out the impossibility of finding a California in miniature on a single section of land. It takes half a dozen townships to accommodate Mount Shasta alone, and while they the seeding the land in the more elevated Northern valleys the reapers are being driven through the ripened grain on the Southern plains. In times past the cherries were ripening in Alameda county when trains were blockaded in the Sierra Nevada by freshly-fallen snows. Deserts and glaciers are both in California, but they are not found together, and therefore no spot can be found that will typify such extremes of climate and topographical conditions.

"You cannot get something for nothing," remarks an exchange Probably the sapient author of this truism never tried walking through a patch of poison oak.

Mr. Bryan's idea of public ownership of utilities appears to be a railroad that will give a quick ride to the White House.

Care of the Public Squares.

Oakland has eight improved public squares not counting the conservatory and surrounding garden presented to the city by the heirs of the Adams estate. Those squares are nominally in charge of the Street Department, but each one is cared for separately by a man who does nothing else, and who is only a gardener by courtesy. In consequence no improvement is visible in the squares; indeed, some of them are actually deteriorating Mayor Mott proposes to adopt a more practical and business-like method of dealing with these squares. He proposes to take them from the nominal control of the Street Superintendent and place them in charge of a head gardener, who will report directly to the Board of Public Works. This head gardener will be given an adequate force to cultivate, improve and water the squares as occasion demands in accordance with some defined plan of beautification. In this way the Mayor thinks the squares can be made much more attractive and ornamental without increasing the present cost of their maintenance. His idea is a good one, and is worth a trial. It is another proof that Mayor Mott is giving much practical thought to plans for improving the city.

It is safe to say that Nan Randolph will fare better at the hands of a jury of married men than she would at the hands of a jury of married women.

If football and tennis practice are placed on a par with classroom work at the State University, we may expect to see a good many taking high jumps toward graduation.

Lawson Makes Another Raid.

Thomas W. Lawson has made another bear raid on Wall street and increased his already enormous fortune to the extent of a million by hammering down the price of stocks. Mr. Lawson has given us an insight into the manner in which stock market is boosted or depressed in order to milk the public, but because he attacked in a series of vitriolic magazine articles such unpopular speculators as H. H. Rogers of the Standard Oil Company and "Gas" Addicks, who has been trying to buy a seat in the Senate from Delaware, he drew to himself a deal of misplaced sympathy which he has not been slow to capitalize. According to his own confession he was the willing instrument of Rogers and Addicks till they tried to "do him," as he declares. Such admissions were not calculated to inspire confidence in his intentions or respect for his motives, but nevertheless he was given a vast amount of boosting in the press, which he has shrewdly turned to his own profit. His prophesies have not been fulfilled, but those who relied on them have come to grief. Twice since he began his revelations he has raided the stock market, making big cleanups each time; not by despoiling such men as Rockefeller, Rogers and Addicks, but by squeezing his own dupes. It is about time the public grew "wise" to his game. He is using the public in his efforts to force personal concessions from the Standard Oil crowd, and at the same time he is making the public pay roundly for the interest [illegible] his scheme.

DR. BROWN AND SOCIALISM.

Rev. C. R. Brown of Oakland has attracted a good deal of attention by expressions concerning the revival in that city. His criticism is that the evangelists confined themselves to the lines of argument and effort that have always been followed, and ignored the present day conditions and needs. Rev. Mr. Brown would have been called a Socialist a few years ago, but his views are now shared by many thoughtful men. The examples that are afforded in various parts of the country, of insolent wealth defying even the government itself, has caused a wave of radicalism to sweep the land. Men feel that nothing is likely to be worse than some of the conditions that exist, and so have lost much of their old fear of Socialism. Mr. Brown says he doesn't understand how the modern evangelist can shut his eyes to the industrial inequalities of the present day—how he preaches for the soul and utterly ignores the physical well being, which is, after all, the basis of all human progress.—Alameda Argus.

DREWS HAVE CASH IN BANK

THEY DID NOT DRAW THEIR MONEY FROM THE CALIFORNIA BANK.

The announcement of the insanity after hypnotic influence and the robbery in San Jose of $2000 from Mr. and Mrs Frank A. Drew, has occasioned both surprise and regret among the officials of the California Bank in this city with which institution the Drews did business.

It is believed that the unfortunate couple had dealings also with some other bank in this city, but which bank that is as yet unknown

Speaking on the subject, today, George Lackie paying-teller of the California Bank said

"Mr Drew was not a marble-cutter as has been stated in the papers He had been the owner of a granite quarry at Milford, N H About six months ago, he sold out He got his price and retired.

"He intended, I presume, to go into business again, but was in no hurry to do so

"He sold what is known as the New Westerly Granite. One of the patrons of that company was the Amador Marble Company of this city whose shops are at the entrance to Mountain View Cemetery

"This company has sold a number of monuments made of the New Westerly Granite This is looked upon as the finest granite which has come to this State

"Mr. Drew has had business, at various times, with this bank The last time was perhaps a little more than a week ago. It must have been after he returned from San Jose He came into the bank I noticed that his eyes were bloodshot and I could not account for it He asked me if he could talk with me for five minutes. I was very busy at the time, and I told him that I could not leave my counter.

"Mr Drew had several interviews with Mr. Collins The both went to British Columbia some months ago to look at a granite quarry but nothing ever came of it.

"If the $2 000 which Mr and Mrs Drew lost was gotten in Oakland, then they must have had dealings with some other bank here besides the California.

"The account they had with us is still standing.

"I am sorry and surprised to hear of their misfortune Mr. Drew seemed so strong a man that one could, only with difficulty, credit the story that he would become the victims of such sharp practice"

MAKING WAR ON CODLIN MOTH

SANTA ROSA April 21—Horticultural Commissioner O B Bremner has made a discovery of importance to the fruit interests of California He has ascertained the shortest time of which there is any record in which the parasites which are expected to exterminate the codling moth are bred On March 21 Mr Bremner liberated a colony of parasites in an orchard at Pleasant Hill and Wednesday while looking over the fruit prospects discovered two empty cocoons indicating that two families of the parasites had been bred in thirty days or less and flown away This is the only record known of the breeding of the parasites in the open air

From six females Mr Bremner has hatched more than 300 individuals Under artificial conditions their life history has been passed in thirty-six days but those bred in the open air passed the life history in thirty days or less, the exact time being unknown This would give from fifty to 100 individuals from each female and sustains the contention that by their enormous increase the codling moth will be exterminated by the parasite in a short time

LENTEN LECTURE GIVEN

Rev. Father Yorke's Interesting Remarks--Will Speak Tonight.

The subject for the Rev. Father Yorke's Lenten lecture this evening is 'Penal Laws"

During the course of his lecture last evening Father Yorke said

This night is the anniversary of the Last Supper Nineteen centuries ago the Lord sat with His Apostles at the Passover meal and there changed bread into His body and wine into His blood.

It was on the nature of the act that He then performed that controversy raged fiercest during the Reformation The political side of that movement was chiefly concerned with the Primacy of the Bishop of Rome but the dogmatic side was mainly devoted to discussion on the Blessed Sacrament

It was on its nature and on the interpretation of the words of Christ that the Reformers first split and to this day the King of England is compelled by his coronation oath to insult the sacrament of the altar that his subjects may be assured that he is a good Protestant

When Luther was condemned by the Pope he promptly appealed to a general council From the beginning when any great heresy arose in the church a council of the whole church was called to consider and decide the matter Therefore the idea of a council was greeted with favor and the Protestant princes were loudest of all in their demands therefor

COUNCIL MEETS

'In order to conciliate both north and south the council met in 1545 in the City of Trent on the borders of the Latin and German nations The council lasted eighteen years not continuously, of course, but it was adjourned from time to time, now by reason of the plague, now by reason of war

"The real motive of the appeals of the Reformed Princes now appeared When invited to send their representatives to the council they first haggled about the terms of the passports and finally flatly refusel to attend They had tasted the advantage of concentrating the civil and ecclesiastical powers in their own hands and were not ready to resign it

"The Council however proceeded with its work It discussed the points of difference with the Reformers stated anew the Catholic teaching on the Bible on the sacraments, on the Mass, on free will and grace

'It drew up many decrees of discipline for the reformation of the clergy and laity and in fact put into force that form of law under which we are living today

CONCERNING LAWS.

"It is easy, however to make laws, the difficulty is to put them into action God raised up in every nation of Christendom at this time great saints whose names are household words to accomplish the true reformation by their application of the decrees of Trent

'In North Italy St Charles Borromeo the Archbishop of Milan revived the practice of holding synods founded seminaries and Sunday schools and his legislation has had its influence far outside the limits of his own diocese

"In Rome itself Philip Neri by his preaching his counsel his example, produced an extraordinary revival of the Christian life

'In French Switzerland St Francis de Sales brought back thousands to the faith In Portugal the Archbishop of Braga in Spain St John of the Cross and St Theresa were foremost in prosecuting the good work

MORE CHANGES

"But no single agency accomplished more for real reformation for stemming the tide of heresy and for spreading the faith than the company of Jesus

Ignatius had been a soldier and the society he founded is well termed a company

It was to be under military discipline subject to the commands of the Pope Ignatius had conceived the idea of his order without any reference to Protestantism but Providence so ruled that his mission to the Holy Land became impossible and he found for his field Europe torn and distracted the vast forests of the new world and the populous coasts of China and Japan

"No page of church history is more brilliant than that which describes the work of the Jesuits at home and abroad during the sixteenth and seventeenth centuries

'They became the educators of the youth of Europe, their rolls are rich in theologians controversialists scientists explorers, historians litterateurs There was no branch of human endeavor that they did not ornament no coast that was not enriched by their labors and even their blood

"They and their other companions in arms won more souls to Christ than Luther tore away from the church, and for every altar that was overthrown in England and in Scotland and in Northern Europe ten new altars were raised in the American wilderness, on the far shores of India of China and of Japan and through them was fulfilled the prophecy of Malachi 'From the rising of the sun to the going down of the same there is offered to my name a clean oblation and in every place there is sacrifice, for my name is great among the Gentiles, saith the Lord of Hosts'"

DENIES REPORT.

ST PETERSBURG April 21—The Admiralty denies the report circulated here that Russia has bought several South American warships through Paris intermediaries.

PATHETIC STORY OF OLD LADY

SHE WAS LOOKING FOR WORK WHEN SHE FELL INTO THE BAY.

Still suffering from the shock of being in the waters of the bay Mrs. Mary Wellsmore is still at the Receiving Hospital, but it is expected that in a few days she will have recovered sufficiently to leave. She was rescued by train hands near the Oakland mole Tuesday night and she now thinks that the disappointment of losing a position that she had placed great hopes on caused her to become dazed and in some way she stepped off into the water

Her story is a pathetic one It is one of a mother's love for her son. For many years she was supported by an only boy, her home being at Vincennes Ind, but he was stricken with consumption and he left tehir home in the Middle West and sought the climate of Southern California for relief. Little by little the home of the mother was sold for the aid of the boy and finally she sold her all to go to him and arrived too late, he having died while she was on her way out here.

Alone, without means with her great sorrow bursting her heart, she came north and for a time roomed at the Oriental House on Washington street, between Seventh and Eighth. She tried to get work In her younger days she was a school teacher and a lady finally promised her a position as governess for her children, but said at the time that she would have liked a younger woman Arrangements were made for her to meet the woman at the Mole Tuesday evening but her employer failed to meet her.

She remembers sitting down and wondering what she was going to do. She waited and watched the trains come and go with their hundreds of passengers from evening until late at night Then the water was in her face and she began calling for help, and finally her voice was heard and she was pulled out and hurried to the hospital. She is sixty-four years of age and the cold water was a great shock to her and has given her a cold that has settled all over her body. She however, is getting better and hopes to be able to go out again and get somethings to do

TWO FUNNY MEN

The Kolb and Dill Company will make their first appearance in this city in Brusie's burlesque, 'I O U," which is full of funny features and laughable situations Kolb and Dill are already well known to the public as German comedians, and in "I O U." they appear as two Germans together with Ben Dillon as an Irishman, and attempt to run a hotel on the copartnership plan, which proves a failure They then form a corporation, assuming full duties of the hotel, each working co-jointly as one and the same person The by-laws provide that when a guest arrives at the hotel the three present themselves as bell boys and take the guest's baggage, then each appears behind the desk to assign the guest a room, all three go to the dining-room and act as waiters, take orders and return to the kitchen to cook the meals, appear again as waiters and serve the meals If tips are received they divide on the spot, fearing to trust one another out of sight.

The piece is full of more funny complications and laugh-provoking incidents than any musical comedy seen here in a long time

The company includes Kolb and Dill, supported by such well-known artists as Ben Dillon Edith Mason, Tom Persse Will H. Cross, Charlotte Vidot, Pearl Hickman, Florence Bain and a chorus of thirty beautiful girls. There will be special musical features, "Kate Cary," sung by Miss Mason, "Blew, Blew, Blew," a sextette by Kolb, Dill and Dillon, Misses Hickman, Bain and Marshall, "My Maori Maid," by Charlotte Vidot, a tableaux of a New Zealand fern jungle and native Maori chant and dance.

The scenery and light effects for this production are beautiful and made from photographs taken by Kolb and Dill while on their Australian tour, from which they have just returned

"The Beauty Shop" will be the bill on Saturday and Sunday matinees and nights, and seats are now on sale for all performance at popular prices Matinees at bargain prices.

BAD BOYS IN THE SUPERIOR COURT

Arthur Fredericks, an incorrigible boy, was today sent to the Boy's and Girls' Aid Society's Home at San Francisco. It was shown that his parents, who live in Fruitvale, are unable to control him, and that he is a wanderer over the country. Some time ago he was arrested with some other boys and put in jail, but made his escape and was only captured after a week's search on the part of the Sheriff's office.

PUT ON PROBATION.

Francis A. Tole, another youth about the same age as Fredericks, both lads being about 12 years of age, was placed in the care of Ezra Decoto His father is an engineer and he told the court this morning that his boy obeyed him when he was able to watch him, but the moment that his back was turned he would run away. He played truant the last week of school and the father said he whipped him for it and the boy ran away and did not come home. He wanders the streets and has been in the police station several times. Each time that he is taken home the same thing happens and in a day or two he is wandering again The father, however, did not want the boy sent away and the lad was placed under the care of Ezra Decoto with the understanding that if he ran away again he would be sent to a reformatory

ESTATES IN THE PROBATE COURT

An inventory and appraisement of the estate of the late Joseph Kane was filed today by L. C. Burpee, W. W. Garthwaite and E J Leonard, who state that the property left by deceased is of the value of $6443 50. It consists of United States bonds and household effects.

A report filed by J. B. Lanktree as commissioner appointed to sell the community property belonging to Mabel and John J. Sheahan has reported that he has sold them home at Linden and Forty-fourth streets for $1650. John Sheahan was recently granted a divorce from his wife on a cross-complaint. For refusing to keep quiet in court Judge Melvin sent her to jail for a night. The property was ordered sold and divided between them.

George Fried, Mailer Searles and Frank Leach Jr. have filed their appraisement of the estate of Edward W. Mitchell, and state that it is worth $3915 It consists of shares of San Francisco Gas and Electric Company, valued at $3360, and household effects.

Judge Ogden today gave Mary E Clapp her final discharge as administrator of the estate of the late George H. Clapp.

Ezra Decoto, W. H. H. Gentry and Ross Harden have been appointed appraisers in the matter of the estate of the late Metha W. Johnson.

An inventory and appraisement of the estate of the late Lydia A. Tilleny was filed today by Karl H. Nichol. Ross Bromley and Frank Watson. They state that the property is valued at $2000 and that it consists of a piece of property at Fountainblean avenue and East Fourteenth street.

DENY DEBT.

SAN FRANCISCO, April 21.—E. A. Bruguire and his wife, Adele Vesta Bruguire, filed answers in the Superior court yesterday in the suit brought for payment of Mrs. Adele Shortridge's hotel bill. Mrs. Shortridge, who is Mrs. Bruguire's mother, is indebted to Mrs A. Hestnal, it is alleged, for board and lodging furnished at the Hotel Savoy. The Bruguires deny all responsibility in the matter. State Senator Charles M. Shortridge, former husband of Mrs. Shortridge, is named as a party defendant in the suit.

Overman and Strode Want to Bowl Experts For a Side Bet.

Lang is a young bowler, who is ambitious and likes the game. He is steadily improving over the 200 mark.

Long and Weber, two well known men at the race track, will bowl for the track championship.

Jerry Griffin was the winner of the booby prize.

The Eagles will have a club roll tonight.

Overman and Strode would like to bowl any two duck-pin bowlers of Oakland for a side bet.

Some good scores have been made both in ducks and ten-pins at the Palace Alleys.

In duck-pins: O'Denias, 113; Clino, 108, 106, 115; Sparvich, 114; Q. Chinkshank, 113.

In ten-pins—P. Connoell, 200; Clino, 208; A. Case, 200; H. Baker, 223; Irdonouch, 208.

EDDIE HANLON COMING WEST

Scheduled to Fight Young Corbett in May.

LEAVES CHICAGO

According to a Chicago dispatch Eddie Hanlon of San Francisco has left the windy city for this coast, where he is scheduled to meet Young Corbett before the Hayes Valley Club. The date of the meeting, as given in the dispatch, is May 28.

Hanlon will probably do his training at Croll's Gardens, Alameda, where he usually works out for his battles about the bay. Eddie has fought several six-round battles in Philadelphia recently with financial gain to himself.

EDDIE HANLON, who is coming west to fight in San Francisco in May.

LOCALS TAKE ANOTHER GAME

Greatly through the efforts of one Hamilton Iburg, Oakland was enabled yesterday afternoon to tie another knot in the rope that holds the team in the top position.

Henry Harris saw his hired hands trounced to the tune of 3 to 1 on the San Francisco sand lot, and all the wise words he delivered to the band between times were of no use.

H. Iburg's drifting "floater" was a puzzle to the Seals and their vicious swipes at it were of no avail.

Before we pass on to the score it might be mentioned that Kruger, Kelley and Streib of the Commuters were the only persons able to obtain a two-cushion shot—each were given one through the grace of hitting ability and the keen eye of the official scorer.

BULLMAN CAN NOT RIDE NOW

Jockey Bullman was instructed yesterday by the stewards of the California Jockey Club not to accept any more mounts at the local track.

The conspicuous improvement of Expedient, Abe Meyer and Patcher Catchem under the handling of other boys led to this step by the judges.

Up to a year ago few boys earning a living by riding enjoyed a better reputation for honesty than Bullman. The most charitable view to take of his present fall from grace is that he has lost his skill as a jockey.

PRIZEFIGHT IS HELD ON THE TOP FLOOR OF NEW YORK HOTEL

Monte Attell, Knocks Out Taylor.

PRIVATE CONTEST

NEW YORK, April 21.—Monte Attell of San Francisco has knocked out Kid Taylor of Chicago after seven fast rounds fought in a ring pitched on the top floor of a quiet uptown hotel in this city.

The prize was a purse of $460, contributed by forty-eight spectators, and the battle was one of the liveliest seen in New York since the Horton law was repealed.

Among the spectators were lawyers, brokers, a few theatrical managers and a liberal sprinkling of young athletes from several college clubs in town.

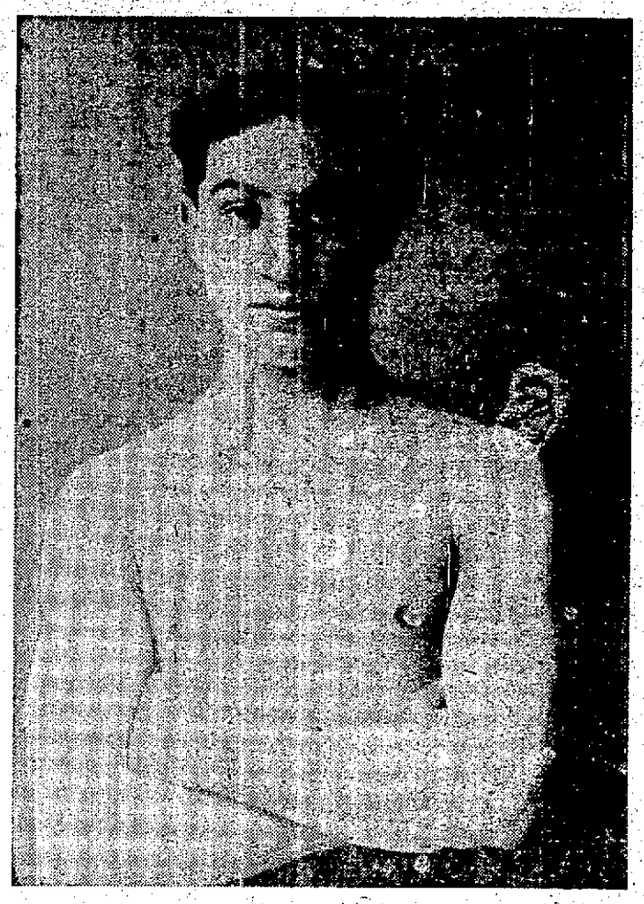

The orderly quality of the spectators can be gauged from the fact that regular patrons of the hotel knew nothing of the affair.

The fight was pretty much in favor of the California boy from the middle of the second round when Taylor was rushed to the ropes under a rain of swings to the body. Attell forced matters in the third and fourth.

Toward the end of the latter Taylor rallied and brought the blood from his opponent with a right hook to the face.

The Chicagoan was soon on the defensive again and by the end of the sixth he was nearly all out.

Taylor managed to stand up through the seventh without delivering scarcely a blow.

MONTE ATTELL, who won from Kid Taylor in a secret fight held on top floor of a New York hotel before a select gathering.

Just before the call of time Attell drove in a fierce left hook on the stomach. Taylor doubled up and fell in his chair.

At the call of time for the next round he could not get up, although still conscious, so the referee gave Attell the decision.

Here are two dispatches from the East, one from Louisville, Ky., and the other from Baltimore, Md., the one concerning Marvin Hart and the other relating to Jack Johnson.

READ THIS AND THEN THIS.

LOUISVILLE, Ky., April 21.—Two hundred citizens, representative of the sporting interest in Louisville, recently gathered around the tables in the Louisville Hotel to pay honors to Marvin Hart, the great heavyweight, who is considered the only rival on the pugilistic horizon of James J. Jeffries, the champion.

Hart, who has fought himself from obscurity to the top of the ladder, and who has fought his battles on their merits, without the trickery which seems incidental to almost all great fighters, was the center of attraction. He was kept busy shaking hands and receiving the congratulations of numerous friends all the evening, and only when he took his place at the center of the table was he able to rest his wearied right hand.

Hart was, as usual, modest. He talked of everything except pugilism. Only when asked regarding the notice which he would take of the challenge of Jim McCormick did he loosen up and consent to say a few words on the chances which prevail for him meeting John L. Sullivan's protege.

"Any time that the public demands it I will meet McCormick," said Marvin. "I am in the fighting business for money, and in order to get the money a man must do as the public wishes. However, McCormick is wrong when he says that he whipped Johnson. The negro knocked Jim out twice and beat him without the question of a doubt.

"This, however, does not interest me. Just show me a chance to meet the latest aspirant and I will be on deck. I don't care so much for a large purse. I will bet McCormick any sum within reason that he cannot go the route with me. I am not saying this in the manner of a braggart, but in the manner of a man who wants to demonstrate his powers against another man of his size.

BALTIMORE, April 21.—Big Jack Johnson, who recently lost on points to Marvin Hart in San Francisco, walked into Manager Al Herford's office the other morning and very bluntly announced that he had come East for another match with Hart.

Johnson said he hardly cares what the terms of the match are. He will agree to anything just to get Hart into a ring again.

Johnson said that he beat Hart in 'Frisco and would prove it if he ever was given a chance. He said Referee Greggains gave Hart the decision for his aggressiveness, despite that he (Johnson) had forced Hart to the ropes time and again. Johnson said:

"If Hart will only box me again I will beat him in each and every round we box. If I fail to beat him in any one round I will give him the entire purse. I don't care if the bout is for ten, twenty or more rounds, my offer holds good just the same.

"If I succeed in making good my assertion to beat him in every round we fight I will split the purse in two with him. I am ready to make the match now, to take place in Baltimore or anywhere else. However, if I fail for the present, I will probably box Morris Harris in Philadelphia, or any other heavyweight who will meet me."

About two years ago Johnson was matched to meet Young Peter Jackson for twelve rounds in Butte, Mont. The match fell through because the club could not get the license. Johnson said he is ready to renew that match now if it is possible, but that he no longer considers Jackson in his class, having grown far too big for the Baltimore fighter. Johnson says his business is fighting, and that he is open to talk business with any of them.

RELIANCE CLUB ELECTS ITS OFFICERS

At the annual meeting of the Reliance Club last night the following officers were elected for the ensuing year: President, R. N. Fitzgerald; vice-president, Edwin Stearns; directors, Beach Dean, W. B. Fawcett, P. J. Schaffer, P. H. Rosenheim and Emil Fritsch.

The board then organized and elected Frank M. Cerini, secretary; Emil Fritsch, leader, and Walter B. Fawcett, treasurer; finance committee, Dean, Stearns and Fawcett; house committee, Rosenheim, Schaffer and Stearns.

SEARCHES FOR A FOOTBALL COACH

James Force, captain of the California Varsity football team of 1905, left Berkeley yesterday for the East in quest of a suitable coach for next fall's blue and gold aggregation.

California has not been successful under the graduate system, consequently she has been looking for a professional coach. It was thought that California was dickering for the services of Smith of Columbia, who umpired the last intercollegiate battle here, but Columbia herself wants Smith's services as assistant coach next fall.

Whoever California procures as coach, next fall's campaign will be an interesting one from the fact that the graduate and professional systems will be brought into comparison.

48 Innings; 0 RUNS!

"Wow!" shouted Clay Hawbacker, "if the Oakland bunch haven't fractured a baseball record, then I don't know the dope book."

And then Clayton furnished these figures:

Three nine-inning games with Portland, one sixteen-inning game and five innings of a game, making a total of forty-eight straight innings WITHOUT A RUN BEING MADE BY THE OPPOSING TEAM!

Further, Oakland has played sixty-one straight innings, during which the opposing team has made but two runs.

"And I guess that ain't going some for the Commuters," observed Hawbacker.

BASEBALL PLAYERS ARE SIGNED UP.

Richard and Oscar Boettiger of Berkeley Go to Washington Team.

BERKELEY, April 21.—Richard and Oscar Boettiger, the two sons of H. C. Boettiger of 1701 Walnut street, well known baseball players, have just signed to play during the coming season with the Montesano team of Washington.

They have already left for Seattle, where they will play for a short while before beginning their engagement. They will be gone five months and will visit the Portland Exposition during the time.

Both young men graduated from the Berkeley High School in 1902 and began their baseball careers while playing on their school team in the Academic Athletic League.

Immediately after their graduation they played ball for several months in British Columbia, meeting with great success.

Richard Boettiger made an excellent showing catching for the Seattle team in 1903, being counted one of the best backstops in the league.

This year he has been coaching the Berkeley High School team, which is counted on for winning the championship of the league this year.

Boettiger also caught for the Oakland team a while last year. He will catch for the Montesanos, while his brother, Oscar, will be in the outfield.

SNEDIGAR IS CHOSEN AS CAPTAIN

At a banquet last night at the California Hotel the students of the University of California unanimously elected O. T. Snedigar captain of next year's track team. The new captain hails from the Oakdale High School and is in his senior year at college. He promised to do all in his power to repeat next season the victory of last Saturday.

Trainer Walter Christie, in behalf of the university, thanked the point winners of last Saturday's meet and advised those that did not make their C not to be discouraged, but to work hard and train for the next season.

SALOONMAN AS LAW OFFICER?

SAM FISHER OF WEST BERKELEY WANTS TO BE A DEPUTY MARSHAL.

BERKELEY, April 21.—Sam Fisher, the West Berkeley saloon keeper, gave the Board of Trustees a surprise last night by appearing before them with an application to be appointed deputy marshal in West Berkeley. The board examined him along with a dozen other applicants, but reserved decision until next Monday night.

Fisher has had a spectacular career in the college town, achieving notoriety as the proprietor of the "Canteen," a place which ran for a long time without a liquor license, apparently in defiance of the law.

It is because of this fact that Fisher's application for a deputy marshalship now is regarded as extraordinary.

Two years ago Fisher achieved fame by invading a rummage sale which ladies of the Methodist Church in West Berkeley were conducting next door to his saloon. He professed an abhorrence for rummage sales in general and this one in particular. He was invited to leave by the ladies, but declined, and a fancy scrimmage resulted.

Fisher was arrested and tried for battery. He lost his liquor license as a result of the affair and since then has been in constant conflict with the authorities.

Fisher announced yesterday that he had closed up the "Canteen" and will either go into the Marshal's office as a deputy or start some reputable business in West Berkeley. Fisher ran for the Trusteeship in West Berkeley at the recent election, but was defeated.

CLEVELAND, April 21.—A home for the sick and invalid letter carriers will be established on a tract of 250 acres of land at the edge of the city of Colorado Springs, Colo. FRANCE TO MAKE DEFENSE

Will Probably Make a Statement Regarding Kamranh Bay.

TOKIO, April 21, 6 p. m.—The Government continues silent in relation to the Kamranh bay incident. It is understood, however, that the diplomatic correspondence on the subject is not concluded, and it is expected that France will make a formal investigation of the situation at the port of Kamranh.

In the meantime political leaders are counselling the Japanese to use greater moderation and to calmly wait the outcome of present negotiations.

The assertion of the Paris press that proof is lacking that the presence of the Russian Baltic squadron in Kamranh bay is in violation of neutrality is sharply contradicted, the Japanese assert, by conclusive evidence. After all, they say, the question of proof rests with France, who possesses evidence as to whose neutrality was violated.

Count Katsura, Premier of Japan, and Baron Komura, Minister of Finance, were received in audience by the Emperor today.

CAMERON LOSES IN SUPREME COURT

The Supreme Court has upheld the decision of Superior Judge F. B. Ogden in the suit of P. A. Cameron, an Oakland contractor, against the Gray Wing Mining Company, a corporation which is composed of well-known Oaklanders, among whom are Polk Gray, John A. Britton, president of the Oakland Gas, Light and Heat Company; T. Ashcroft, A. T. Eastland and W. R. Davis.

Cameron sued to recover a share in the company, which he alleged was illegally taken from him by the other directors. Judge Ogden held that the plaintiff did not own any stock or have any claim on the company.

The defense was that Cameron, who was interested when the company was first incorporated, refused to pay an assessment that was levied for new machinery and equipments, and according to the by-laws, he therefore forfeited his shares of stock, which were sold to another person.

The property involved is situated near Folsom and consists of a gold-bearing gravel drift, which has paid well.

McKeen, formerly the Supreme Court stenographer, has been honored with the office of deputy clerk and was also sworn in yesterday. Percy J. GLENWOOD SPRINGS, Colo., April 21.—After a day's enforced rest, the President's hunting party started out bright and early today.

Easter Oxfords

Ankle-Fit — Quarter Sizes

All of the 93 Regal stores have just received from the Regal factory a fresh Easter stock of the most "taking" Oxfords ever modelled.

In diversity and distinction of style, in wide variety of leathers, in limitless choice of sizes, it is the greatest line of Oxford shoes ever shown in Regal stores—and that means *anywhere*.

Regal Oxfords do not chafe or bulge! They are made over special Oxford lasts; other Oxfords are made over lasts that were designed and used for ordinary high-cut shoes.

A separate factory equipment of special Oxford lasts has been an unknown thing in the shoe business, yet that is exactly what we have provided this season.

Try on one of the new Spring Oxfords. Walk around the store and see how it clasps the heel, snugs in at the side of the ankle and fits up closely under the instep.

You will easily find your exact fit among the *280 quarter sizes* of the style you select.

Your Regal Oxfords will be as stylish as they are comfortable, too. The high-receding, sloping toe will be one plain evidence of newness of design.

They are genuine "six-dollar shoes at the wholesale price"—inside and outside; fit, workmanship and material. The Regal guarantee covers all three.

Send for Style Book. Mail Orders Promptly Filled.

Sold direct from tannery to consumer. The largest retail shoe business in the world. 98 stores in principal cities from London to San Francisco.

CHOPS DOWN FLOWERS; TEARS UP LAWNS.

Malicious Acts of Unknown Persons in Alameda—Residents Are Looking For Vandals.

ALAMEDA, April 21.—An iconoclast of beauty is abroad at the West End, and householders who have been made victims of his maliciousness are up in arms. If the police do not succeed in tracking down a man who has been destroying lawns and hacking down flowers out of pure deviltry, then the citizens promise to organize a gun brigade and bring the plant destroyer to book in summary fashion.

There have been half a dozen different gardens to suffer from the nocturnal raids of the enemy of flowers. There is some suspicion that the work is being done by a crank, some Jack the Rose Cutter, who takes a fiendish delight in slaying the beautiful. Others believe the flower cutting is done by hoodlums.

Mrs. D. Graham of 1430 Ninth street, near Taylor avenue, had her garden visited Wednesday night, and in the morning was shocked to discover that her choicest roses, of which she had some valuable blooms, had been hacked to pieces.

In most cases the rose bushes had been cut off about eighteen inches or two feet above the ground, and from the indications the work had been done with clippers. Mrs. Graham has no enemy that she knows of and cannot conceive of the outrage having been perpetrated through spite.

The acts of vandalism have been reported to the police, who are making an effort to discover the identity of the miscreant.

ACCIDENT TO LAUNCH.

ALAMEDA, April 21.—While B. L. Fisher of this city was giving Assemblyman William Higby of Hollister and the latter's young son a ride in his new launch, in which William Hammond Jr. and A. T. Dean also have an interest, the craft became unmanageable while out in rough weather, and the party had what they felt was a narrow escape from going to the bottom. The incident occurred some days ago, and the story was kept quiet in an effort to protect the reputation of the amateur sailors.

The launch, which is operated by a gasoline engine, was running down the bay at high speed, when a stern line trailing behind became entangled in the propeller. The sudden stop of the propeller broke a bolt and the launch lurched heavily in the trough of the sea. The craft drifted at the mercy of the elements for some time before Mr. Fisher succeeded in releasing the propeller and putting the machinery in running order again.

PLEASANT AFFAIRS.

ALAMEDA, April 21.—Mr. and Mrs. Charles Tichner, who are to leave tomorrow for their home in the East, have been the recipients of numerous delightful social attentions during their sojourn here. Mrs. Tichner is a sister of Mrs. L. H. Jacobi Jr., Mrs. Kearon and Mrs. Hunter. One of the pleasantest affairs in her honor was the automobile luncheon given by Mrs. W. O. Smith at her home, 1220 Chestnut street. The decorations, in green and white, presented a pretty effect. After the luncheon the guests were taken for a ride in two large automobiles. The guests were: Mrs. Tichner, Mrs. L. H. Jacobi Sr., Mrs. Kearon, Mrs. Peck; Mrs. Herbert Page, Mrs. Medbury, Mrs. Charles Gibbs, Mrs. Charles Gardiner and Mrs. George Lamb.

DON'T WANT LADIES.

ALAMEDA, April 21.—The Alameda Boating Club has voted down for a second time the proposition to have a ladies' annex. The plan, which was to be an amendment to the constitution, was to set aside one day in the week on which the ladies who are relatives of members should have the exclusive use of the clubhouse and pleasure boats. The proposition was definitely negatived when put to a vote at the meeting Wednesday night. A resolution was adopted prohibiting any member hereafter from entering more than one event in a regatta.

P. A. DEAN MARRIED.

ALAMEDA, April 21.—P. A. Dean of this city, an old resident, gave his friends a surprise Wednesday by slipping away to Oakland to be united in marriage to Susanna N. Hobday. Mr. Dean's age was given as 63 and that of his bride as 42. He has four grown children, three sons and a daughter, all well known in this city. Mr. Dean was formerly engaged in the general merchandise business on Park street for many years.

BUYS AN AUTO.

ALAMEDA, April 21.—Dr. A. A. Stafford has just purchased a Ford motor automobile. Isadore Merle has just bought a new touring car and is to leave on Saturday for a trip to Los Angeles with a party of friends, including E. Poleman, Lawrence Elster and G. Westover.

BERKELEY, April 21.—At the regular annual meeting of the stockholders of the Californian Publishing Company, which was held yesterday afternoon, the officers for the ensuing year were elected. L. D. Bohnett, the present managing editor, was chosen editor for the first term of the next college year. H. A. Stoddard was re-elected business manager.

For president of the company G. F. Jones was chosen. The other new officers are as follows: Vice president, A. Teichert Jr.; secretary, H. S. Jewett; treasurer, O. W. Bryant and delegate-at-large, H. E. Sherman Jr.

HONOR WOMAN

Farewell Reception For Personal Representative of Mrs. Hearst.

BERKELEY, April 21.—The women of the University will give an elaborate reception to Mrs. K. M. White tomorrow afternoon from 3 to 5 o'clock at Hearst hall. Mrs. White, who will leave at the close of this term for her home in Shasta county, has been for seven years connected with the University through the consideration of Mrs. Hearst for the welfare of the college women.

All of the students of the University are cordially invited to be present. Quite extensive arrangements have been made for the entertainment. Elaborate decorations will be made for the occasion. A large number of patronesses will be present to entertain.

Miss Anna Lee is chairman of the committee in charge, consisting of the chairmen of the sub-committees.

THE BEST TONIC

When the system gets debilitated and in a run-down condition it needs a tonic and there has never been one discovered that is the equal of S. S. S. It is especially adapted for a systemic remedy, because it contains no strong minerals to derange the stomach and digestion, and affect the liver and bowels. It is made entirely of roots, herbs and barks selected for their purifying and healing qualities, and possesses just the properties that are needed to restore to the body strong robust health. When the blood becomes impure and clogged with waste matters and poisons the body does not receive sufficient nourishment and suffers from debility, weakness, sleeplessness, nervousness, loss of appetite, bad digestion and many other disagreeable symptoms of a disordered blood circulation, and if it is not corrected some form of malignant fever or other dangerous disorder will follow. S. S. S. builds up the broken down constitution, clears the blood of all poisons and impurities and makes it strong and healthy. The nerves are restored to a calm restful state, refreshing sleep is had again, the appetite returns and the whole system is toned up by this great remedy. S. S. S. is a blood purifier and tonic and acts promptly in this run-down depleted condition of the system. Book on the blood and medical advice furnished by our physicians, without charge.

I have used your S. S. S. and found it to be an excellent tonic to build up the general health and give tone and strength to the system. I have used other things highly recommended, but S. S. S. did me more good than everything else combined. As to its tonic properties it gives a splendid appetite, refreshing sleep, and the system undergoes a general building up under its invigorating influence.

WAR DEPARTMENT AND WHEELER.

University President Wins Point Regarding Drill Hours For Students.

BERKELEY, April 21.—President Wheeler has just been notified of a war department order making a change in the drill regulations at the University. Beginning next August drill will be held three days each week, but the course will require but two years drill by each student. That is, beginning with the class of 1909 drill will not be required in the junior or senior years.

Meanwhile the case of the present freshmen and sophomores who have had one or two years' drill under the old regulations has not yet been decided. The matter will go before the faculty committee, who will make all arrangements necessary to satisfy the regulations of the war department.

This order will be welcome news to those students who will be fortunate enough to receive the benefit of the lighter requirements. The order will probably cause far-reaching changes in the military department and may cause a revisal of the promotion regulations.

PROGRAM REPEATED

Two Berkeley Singing Clubs to Give Concert Program Again.

BERKELEY, April 21.—The half hour of music for next Sunday afternoon will be given by the De Koven Club and the University Treble Clef under the direction of Clinton R. Morse. There will also be two vocal solos.

The numbers that compose the program are as follows:

"Sword of Ferrara" (Bullard), De Koven Club; contralto solo, Mrs. W. Longbotham; (a) "My Home Is Where the Heather Blooms" (De Koven), (b) "Vintage Song" (Mendelssohn), De Koven Club; "Hosanna" (Easter song by Granier), Clinton R. Morse; "By Babylon's Wave" (Gounod), University Treble Clef and De Koven Club.

As usual the concert will begin at 4 o'clock and the public are cordially invited.

WHY THEY ARE HAPPY

TWO NOTABLE RECOVERIES FROM EXTREME DEBILITY.

Husband's Strength Had Been Waning For Three Years, Wife a Sufferer From Female Weakness.

"My strength had dwindled so that I couldn't apply myself to my business with any snap but was tired and listless all the time," said Mr. Goldstein.

"I went to bed completely used up by my day's work, and when I got up in the morning I didn't feel rested a bit. I had awful headaches too, and my kidneys got out of order and caused me to have severe pains in the back. At one time I became so feeble that I could not stir from bed for three weeks."

Mr. Goldstein is a young man and had then but recently established a home of his own. His anxieties were increased by the fact that his wife was

far from being robust. Speaking of her own state of health during this trying period, Mrs. Goldstein says:

"For two years I had been ill most of the time. Sometimes I was confined to bed for weeks in succession. I had headaches, kidney trouble, pain about the heart and many more uncomfortable symptoms connected with that weakness to which my sex is peculiarly subject."

Trouble had invaded this household and settled in it in just the years that ought to be the very happiest. Physicians could not tell them how to get rid of it.

"A trip was prescribed for my health," said Mr. Goldstein. "It promised well at first, but when I returned I found myself just as bad off as before, and I was utterly discouraged. Then an advertisement and the urgency of some friends led me to try a blood and nerve remedy which was said to be wonderfully successful. I could hardly believe it at first, but within a month there were unmistakable signs of improvement which led me to continue the treatment until I became completely well. Through the use of Dr. Williams' Pink Pills I have now as good health as I ever had in my life."

This is not all, for Mrs. Goldstein adds: "The wonderful effect that Dr. Williams' Pink Pills had in the case of my husband led me to try them and they helped me even more quickly than they did him. One box made me decidedly better and a few more cured me."

Dr. Williams' Pink Pills make pure, rich blood and when there is general weakness and disorder that is what the system needs. The peculiar organism of women calls for a specially large supply of good blood, and obstinate cases of prostration and complicated troubles owe their existence to nothing but scanty or vitiated blood. In such cases it is always best to use Dr. Williams' Pink Pills. Mr. and Mrs. H. Goldstein live at 38 Gove street, East Boston, Massachusetts. Dr. Williams' Pink Pills are sold by druggists everywhere.

DAINTY WEDDING

Sidney A. Tibbits Marries Miss Alice Mara at Home.

BERKELEY, April 21.—One of the prettiest weddings of the season was solemnized last Tuesday evening, when Maud Alice Mara, only daughter of Mr. and Mrs. William H. Mara of 2017 Delaware street, became the bride of Sidney Arnold Tibbits. Rev. C. K. Jenness of Trinity M. E. Church officiated; and Miss Ethel Chapin was maid of honor, while Fred Tibbits supported his brother.

The house was tastily decorated in green and white, the nuptial knot being tied beneath a bower of beauty and fragrance. The bride wore a filmy creation of accordeon pleated silk mull over white silk trimmed with ribbon rosettes and lace, with wedding veil and orange blossoms. The maid of honor was gowned in light blue and carried pink roses.

About fifty guests witnessed the ceremony, after which the house was thrown open for a reception, while the bride and groom received the congratulations of hosts of friends.

Dainty refreshments were served. Many beautiful wedding gifts were displayed. After the honeymoon Mr. and Mrs. Tibbits will reside at 2031 Delaware street. Mr. Tibbits is engaged in teaching in San Francisco.

CANTATA IS WELL SUNG

BERKELEY, April 21.—In the cosy little St. Matthew's Episcopal Church last evening in South Berkeley, a choir of thirty well trained voices gave the sacred cantata, Gounod's "Gallia," at 8 o'clock. Miss Elise Weldon, the leader of the choir, had direction of the sacred cantata. The program in full was as follows

Prelude, "Procession to Calvary," Stainer; Procession hymn, "Holy War," Booth; Gloria, Holden; Magnificat and Nunc Dimitis, Caleb Simper; Anthem, "Now the Day is Over," Miller; Address, Rev. Robt Renison Jr., of St. Paul's Church, Oakland; Cantata, "Gallia," Gounod; soloists, Miss Julia Renison and Miss Elise Weldon; Offertory, "Majesty of the Divine Humiliation," from Stainer's "Crucifixion," Miss Elise Weldon; Recessional hymn, "All Glory, Laud and Honor," St. Theodulph; Postlude, from Stainer's "Crucifixion; Pianist, Mrs. George Barry; organist, Alf J. C. Bayley, of the Cathedral Mission, San Francisco.

PROTESTS AGAINST BRIDGE

Proposal of Santa Fe to Build Drawbridge is Opposed.

SAN FRANCISCO April 21—The proposition of the Santa Fe to build a drawbridge over Suisun bay from Black Diamond to Chipps island is exciting a storm of protest among those interested in preserving the navigability of the public waterways second only to that which a short while since defeated similar plans on the part of the Southern Pacific to obstruct Carquinez straits In the former instance public opinion was strong enough to secure adverse action by the War Department and from present indications the dreams of the Santa Fe seem destined to meet the same fate

Among the organizations to protest against the proposed drawbridge are the Shipowners Association and the Steamship Association of San Francisco At its meeting of April 5 the former body appointed a committee to investigate the plans of the contemplated structure

SHIPOWNERS PROTEST

Its report is summed up in the following language

A bridge of this construction with a draw as outlined would be a continual menace to navigation at all times even in the finest of weather but during the summer months a great deal of fog occurs on account of the low lying tule lands which greatly hinders the navigation of vessels plying on these waters During the night and on stormy and foggy days it would be almost impossible for even steamers to get through this draw in safety and sailing vessels large and small would be obliged to anchor and wait for clear weather Steamers towing barges would have great difficulty in passing through in safety especially when the wind and tide were in the same direction in which the steamers were going During the freshets in the Sacramento and San Joaquin rivers when for week at a time the tide runs through Suisun bay with great velocity no up river current appears at all during the flood tide from the ocean and the velocity often reaches six or seven miles an hour During the freshet months vessels coming down the bay would be taking the most desperate chances to both lives and property in steering for an opening in a bridge only large enough for draw purposes

AMOUNT OF SHIPPING

The report proceeds to give an account of recent additions to the trade passing through the bay naming one company whose business since its establishment in 1903 aggregates 514 cargoes of redwood pine and cedar lumber and 86 cargoes of shingles Its monthly Eastern shipments alone have reached an average of 125 cars of shingles and 75 cars of lumber The towns of Antioch Rio Vista and Collinsville are shown to receive 30 cargoes of lumber annually while Antioch ships 4000 tons of grain and 1000 tons of potatoes each year to San Francisco The business of another firm at Antioch amounts to 100 tons a year Seven steamers land regularly at its wharves The committee declares that this vast business of which the foregoing presents only a few details would be jeopardized by the proposed bridge The report concludes

When it becomes necessary to construct a bridge for the use of railroads your committee recommends that it be built at a suitable point selected by a board of United States engineers the construction to be upon such a plan and with such a width of span as fleets to allow the passage of both steam and sailing vessels in all weather conditions This bridge should be owned by the State and open to all railroads electric roads wagons and foot passengers for which use suitable compensation should be charged

REPORT SENT TO COL HEUER

A copy of the report has been sent to Colonel W H Heuer head of the Federal Corps of Engineers

The protest of the Steamship Association of San Francisco takes the form of a letter addressed to Secretary of War Taft and was adopted at the last regular meeting It is in substance as follows

The Steamship Association of San Francisco enters a very strong protest against the building of a drawbridge across Suisun bay Nearly all steamers belonging to the association frequently take cargoes from Pacific ocean points direct to discharging points above where the proposed bridge would cross Pale fogs and stormy nights would make the passage of a draw exceedingly hazardous The currents up and down the bay would make the slightest collision fatal and the sinking of one steamer across the draw would close the whole waterway thereby dealing a most serious blow to all producers and shippers in that part of California tapped by the Sacramento and San Joaquin rivers

We would respectfully call attention to the tremendous traffic up and down Suisun bay and Carquinez straits Any bridge excepting one wide and high enough to allow free passage for all classes of ocean going boats would be a grave hindrance and very dangerous to navigation

This association will oppose all efforts at bridging where the bridge will be a hindrance to the free navigation of both large and small steam and sailing vessels

Other arguments against the bridge will be considered by Colonel Heuer at his office room 96 Flood building on April 29 at 11 a m All parties having protests to make will be heard
